AUSTRIANS EVACUATING ITALY

German People Drive Government for Peace

Vienna Hordes in Utter Rout Before Big Entente Drive; Yankees Fight On

[BY ATLANTIC CABLE AND A. P.]

VIENNA, Thursday, Oct. 31 (via London.)—"In view of our desire for peace, our troops on Italian soil are evacuating occupied regions," says an official statement issued early this morning.

ITALIAN HEADQUARTERS ON THE PIAVE FRONT, Oct. 30.—American troops under Maj.-Gen. Charles G. Treat have crossed the Piave River. The Third Army has established three bridgeheads on the lower Piave. The American troops on this front are operating with the Tenth Army, composed of British, Italians and Americans, under Lieut.-Gen. the Earl of Cavan.

This was the first army to begin operations by establishing a bridgehead across the Piave River at the Island of Grave di Papadopolo.

RIVER AIDS FOE FLIGHT

Scheldt Slows Up British Pursuit.

[BY ATLANTIC CABLE AND A. P.]

WITH THE BRITISH ARMY IN FRANCE AND BELGIUM, Oct. 30.—The victorious British troops in the Valenciennes-Courtrai sector were resting on their arms this morning, with their line for the greater part of the way snug up against the Scheldt River and canal to which they had forced the enemy. On the other side of these natural defenses, the unhappy Germans are still clinging to positions which they hoped would afford them protection in a further withdrawal.

In the meantime, preparations for a retirement to a line further back were going on apace in the enemy forward areas.

Railway communications were being destroyed and highways being blown up as fast as the war materials could be removed. The new German line would depend largely on events, but indications are that the enemy would stand temporarily on the Dendre River, which affords an excellent defense.

Civilians have not been withdrawing in great numbers. Tournai, for example, which is closely invested by the British, appears to be full of civilians, who, thanks to the chivalry of the British forces, are in no danger, except from the Huns. The British have refrained religiously from shelling towns along the line, even though it might be of military advantage to do so.

On the other hand the enemy has been venting his hate on villages in the Allied territory along the line. Last night such places were shelled with high explosives and gas shells, and casualties were caused among the inhabitants.

Fighting last night was confined to local engagements. South of Valenciennes the British extended their bridgeheads on the Rhonelle River, east of Artres. A counter-move of the enemy north of here came to grief. The Germans put down an artillery barrage northwest of Famars, but British gunners smashed them so badly the attack did not materialize.

Farther north a hard engagement was fought on the Scheldt River. Here the British attempted to cross under artillery support and a battle developed at two destroyed bridges. Attacking forces essayed a crossing twice, but the advantage was always with the enemy, who had the river for protection and the project was abandoned.

A British patrol, however, crossed the Scarpe southeast of Maudle by night and penetrated 500 yards east of the river, where they encountered heavy machine-gun fire.

The Germans have been defending their present waterway positions vigorously, although holding considerable stretches mainly with machine guns along the eastern sides of the rivers and canals. Some infantry reliefs are being made along the line, but all German troops are tired so that such a change makes very little difference in the strength of the enemy.

Ideal weather has brought out great fleets of Allied airplanes and the Germans are not idle. Yesterday along the front between Tournai and St. Arand the British destroyed nine hostile planes and sent three more down out of control. The British have absolute dominance of the air.

WASHINGTON, Oct. 30.—Thirty-three thousand Austrian troops, hundreds of guns and innumerable machine guns have been captured by Italian and Allied forces on the Italian front, said an official dispatch today from Rome.

The Three Hundred and Thirty-second American Infantry Regiment has gone into action and the fighting now extends practically along all the course of the Piave River.

The Austrians are resisting stubbornly, throwing in many new divisions, but have not been able to stop the advancing troops.

The dispatch follows:

"Our offensive is developing further south and stretches practically all along the course of the Piave. The Third Army is now in action successfully. The line between the Brenta and the sea is strongly held by the greater part of the Italian army along with which is the Fourteenth Army Corps of British troops and a French division. The Three Hundred and Thirty-second American Infantry regiment is now also in action.

"The enemy is resisting with exceptional stubborness and is throwing into the fray new divisions without, however, being successful in holding back our troops. On the Grappa region the troops of the First Italian Army with the support of the Twelfth Army has been successful in beating the enemy at Segusino and has conquered Mont Gesen. The Eighth Army has occupied the narrow pass of Follina and has already reached Vittorio. The Tenth Army after having established solid bridgeheads over the Montincao River, has crossed the river and is advancing along the road Conegliano-Odrzo. The Third Army after neutralizing the formidable artillery fire of the enemy has crossed the Piave at San Dona di Piave and east of Zenson.

"The number of prisoners captured up to the present moment amounts to 802 officers and 32,198 men. Hundreds of guns have also been captured. It is impossible to calculate the number of machine guns which have fallen into our hands.

"In Albania our troops, after beating the rear guards of the enemy, have occupied San Giovanni di Medua and are rapidly advancing on Scutari."

An earlier official dispatch from Rome said that more than 100 villages and towns had been liberated since the offensive began and that the Austrian army corps on the left had retired in disorder leaving behind war materials and several hundred guns. The position of the Sixth Austrian Army Corps was described as very critical.

Results of the victorious advance against the Austrians on the Italian front hourly increase in importance, says an official dispatch to the Italian Embassy today from Rome.

The battle line is pressing closely upon the heels of the enemy, the message states, having reached yesterday the River Livenza, where the Austrians attempted to stand to save their threatened principal lines of retreat.

Aviators are active, assisting the Italian operations by bombing artillery transport wagons in retreat.

Touching demonstrations by the populations of recaptured towns are said to be occurring everywhere as the Italian troops march in.

The Three Hundred and Thirty-second United States Infantry is composed of men from Ohio and some Pennsylvanians. The Americans reached Italy late in July and were greeted warmly by the King, the Ministers and the populace.

LONDON, Oct. 30.—British troops in their offensive on the northern Italian front have at some places crossed the Monticano River, the British War Office announced this evening.

The text of the communication says:

"The Tenth Army has reached approximately Roucadelle, Ormelle, Fontainelle and the line of the River Monticano to Pamara. The prisoners taken by the Tenth Army since the commencement of the operation amount to 11,002, including 345 officers. Of these, the Fourteenth British Corps captured 246 officers and 5930 men of other ranks. The number of guns and the material captured have not been enumerated. The Montello group of armies has made a significant advance and taken many of the enemy prisoner.

"Our airplanes were engaged all the afternoon against hostile columns in dense masses retreating down the Conegliano-Sacile and Conegliano-Vittorio roads."

ITALIAN HEADQUARTERS ON THE PIAVE, Oct. 30.—Austro-Hungarian forces are retiring in the region east of Conegliano. They are leaving behind them scattered along the roads toward Vittorio, seven miles north of Conegliano, and Sacile, further to the west, many big guns and munition wagons.

The capture of Conegliano by the Italians was important, since that town is the center of five highways and also is situated on the railway. The city is being used as a supply station for the Italians. From this city the Italians will be able to dominate, not only the lower mountain region, but also the enemy troops on the lower Piave.

Large numbers of Italian cavalry already have crossed the Piave. The position of the enemy forces on the lower stream is becoming critical, and they may be cut off.

The taking of Conegliano was effected by Italian troops which crossed the Piave south of the Nervesa region Monday night in the face of an intense artillery fire. They cut their way through roads barred and blocked by barbed wire and machine guns. The first troops to enter Conegliano were seven cyclists, who were followed by the Como infantry brigade. The Italians were met by civilians waving Italian flags.

TOKIO TRADE CHIEF LAUDS OUR IDEALS.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 30.—Reizo Yamashimo, vice-president of the Tokio Chamber of Commerce, head of a Japanese industrial and economic mission touring the United States and South America, at a banquet tendered the mission tonight by Consul-General T. Ohta, said Japan wants to be a companion of this nation in the world's race to maintain civilization and to insure human happiness. He said, in part:

"The leadership of President Woodrow Wilson, with his lofty character, his boundless energy, and his persistent purpose to fight out the world's menace of Kaiserism, is a great lesson to the world and commands our highest regard and admiration. President Wilson is indeed a champion for the great cause of human happiness.

"The national strength, stability and resourcefulness of the United States surpass our imaginations. We are proud of her as our neighbor across the Pacific who led us out of seclusion and isolation to join the brotherhood of friendship in trade and commerce."

RIOTING IN BUDAPEST.

Troops Kill, Wound Many Persons.

Bohemia Separates from Austria; Army Backs New Government.

Hungary Forming Independent Cabinet; Fleet Concentrates at Fiume.

[BY ATLANTIC CABLE AND A. P.]

BERNE (Switzerland) Oct. 30.—Numerous persons were killed and wounded in street conflicts between demonstrators and troops at Budapest Sunday, according to a dispatch received here tonight from the Hungarian capital.

The manifestants insisted on passing over the great chain bridge toward the Old Castle. Troops occupied the bridge and the banks of the Danube River.

The crowd forced the cordon of troops and the military fired their rifles and machine guns and attacked the rioters with bayonets.

The struggle continued almost all night.

FLEET AT FIUME.

[BY ATLANTIC CABLE AND A. P.]

PARIS, Oct. 30.—(Havas.) The Austrian fleet has been hastily concentrated at Fiume, according to a dispatch from Rome to the Temps under date of October 27. A few vessels remain at Pola, but all that were at Cattaro have left.

It is said that the concentration was demanded by Hungary.

SEEKS PEACE WITH ITALY.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 30.—Count Andrassy, the Austro-Hungarian Foreign Minister, has resolved to initiate direct peace negotiations with Italy, "Austria's sole antagonist," according to a Vienna telegram received in Copenhagen and transmitted by the Central News Agency.

CZECHS HOLD BOHEMIA.

[BY ATLANTIC CABLE AND A. P.]

COPENHAGEN, Oct. 30.—The Czech National Committee took over the functions of the local government in Prague, the Bohemian capital, on Monday, marking the final step in its successful revolution there, according to a telegram from Berlin to the National Tidende.

The Austrian imperial symbols were removed from various buildings and imperial proclamations torn down. The city officials have taken an oath of fidelity to the Czech state.

During Monday night the general commanding the Prague garrison and his staff placed the entire armed forces in the city at the disposal of the Czech National Committee.

ARMY SUPPORTS CZECHS.

[BY ATLANTIC CABLE AND A. P.]

BASEL (Switzerland) Oct. 30.—The authority of the Austrian monarchy now is only a name in Prague. Budapest newspapers report that Field Marshal Paul Kestranek, commander-in-chief in the Prague district, and Field Marshal Edward Zanantoni handed over all the military authority to the Czech committee Monday.

Negotiations are going on between the government officials of Bohemia and the National Czech Committee to insure a public administration, says a dispatch received here today from Prague.

The present Bohemian officials will remain provisionally, but the Governor, Count von Coudenhove, has been placed on unlimited leave at his demand.

Count Andrassy, the Austro-Hungarian Foreign Minister, has entered into diplomatic relations with mem-

Austrian Note Puts Seal on German Capitulation, French Army View.

Marshal and Poilu Alike Determined to Smash the German Sword.

BY WALTER DURANTY.

[BY ATLANTIC CABLE AND A. P.]

WITH THE FRENCH ARMIES, Oct. 30.—The Austrian note may be considered as putting the seal on the certainty of a speedy German capitulation. Some, however, point out that the combative value of enemy forces still remains considerable, and suggest that the resistance will be prolonged for some time further with the idea "of letting the nation down gently" towards the idea of defeat. But this opinion is not widely held.

German army orders recently seized show evidence of a shortage of munitions and transportation and air inferiority. There is also reason to suppose the supply of gasoline is diminishing to a dangerous extent. Injunctions to maintain discipline by every available means indicate the morale is steadily weakening, although it is noteworthy that the French have remarked a general improvement of the morale during the past fortnight in response to the stimulus "peace is now certain within a brief period. Fight your best now that it may be as favorable as possible."

One statement signed by Von Jacobi runs: "Officers must endeavor to explain the situation to the men at all times without awaiting the enemy's notes, which, if unfavorable, may provoke pessimism unless everyone clearly understands that the German government at this moment is devoting itself by every means to the re-establishment of peace. The peace it desires is one that the people will approve."

Although the pressure in favor of peace appears to be coming chiefly from the interior of Germany, the French war chiefs are convinced that the hazardous situation of the German army is really the deciding factor. More than one far-sighted commander was not afraid to say as long ago as two months that the enemy was involved in a mesh of circumstances whose inevitable end was a colossal disaster. I reported this optimism at the time in terms that may then have seemed unduly hopeful, but the officers' foresight has been justified, and every day brings the prophecy nearer fulfillment, unless the Germans choose the saner policy of complete surrender.

I am in a position to state with certainty that the military conditions of the armistice are such as will break Germania's sword irretrievably. If the enemy is rash enough to refuse them even then the Allied military plans will move on to their appointed climax. Throughout the French army there is not the faintest danger that the desire of peace, keen as it is, will interfere with a relentless prosecution of the operations. From Foch to the second-class Poilu all are filled with an iron determination to drive Germany to the bitter end unless unqualified capitulation saves them the trouble.

As I write, Debeny's troops are battering at the old castle fortress, whose subterranean passages, strengthened with a system of trenches and barbed wire, form the last bastion of the Guise defense.

HUNS ORDER WELLS POISONED.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 30.—Documents quoting orders issued by German commanders for the methodical destruction of property and for the poisoning of wells during the recent evacuation of Belgian and French territory have reached Washington.

Among them is an order taken from a prisoner, issued by the commander of the One Hundred and Eighth Infantry Brigade of the German army on September 5, directing specifically that certain villages be destroyed by the rear guard.

Designated units are assigned to the destruction of the villages named and, in addition, the order states "It is the duty of everyone to participate in these destructions," which are to be carried out "with more method and less haste."

The order, which is signed "Weck," presumably either the brigade commander or his chief of staff, says: "It is recalled that wells are to be contaminated."

Strict Armistice Terms for Huns About Agreed Upon at the Allied Conference

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 30.—Suspicion is the word which still summarizes the public attitude toward the Central Powers' maneuvers. Some of the most important papers believe Germany and Austria, or what remains of the Austrian government, are working together. They interpret Austria's rush toward separate peace as part of a plan to place Austrian territory as neutral ground between Germany and Allied armies which may soon be able to march through Austria.

Turkey's position is not clear. The Committee of Union and Progress apparently is still in the saddle at Constantinople. That David Pasha, Minister of Finance, is perhaps the most influential man in the Cabinet, seems to show Talaat Pasha, former Grand Vizier, is still strong behind the screens and young Turks and Germany yet hold power.

The greatest hope of the old guard in Germany, judging from German papers, appears to be to drive a wedge between President Wilson and the Allies and make the President play mediator, instead of belligerent.

WASHINGTON, Oct. 30.—The general opinion among officials and diplomats here is that the German proposal for an armistice and peace, while having originated as a plan to gain time for strengthening the army and restoring its shattered morale, now has gotten beyond the control of the military party and that the German people are the force which is driving the German government to make a move for ending the war.

Another note from the German government, explanatory of the changes that have been made or are projected in the German constitution and form of government, was received today through the Swiss Legation, but the State Department did not make it public. This note was understood to be supplementary to the preceding German communication saying to the President that he must have knowledge of the efforts that have been made to democratize Germany.

President Wilson was at work today on his reply to Austria's renewed plea for an armistice and peace, and it was expected it would be dispatched before night, but later today it was said at the State Department there would be no announcement regarding it tonight.

It was understood that in the note the President intended to touch upon the steps Austria and Hungary have taken in the direction of releasing subject peoples from political bondage, but that the Austrian government's plea would be referred to the Allied governments. The administration was said to be well convinced now that Austria already is nearly out of the war and that her will for peace is simply tempered by a natural disposition to get the best terms possible short of unconditional surrender.

The report that Count Andrassy, the new Austrian Premier, is about to sue directly to Italy for peace on the ground that Italy is Austria's "sole antagonist" is generally regarded as confirmatory of this understanding of the hopeless situation in the dual empire. It was pointed out that, since Italy solemnly engaged with other Entente powers not to make a separate peace, if Austria carries out this plan it would be referred by Italy to the Supreme War Council.

There was no official information here today as to progress of deliberations of the supreme war council and notice was taken of the reserved attitude of the council in issuing any statements. Inference is drawn that a definite policy has been agreed on to withhold all information regarding discussions before the council of the grave diplomatic and military questions which engage its attention in connection with preparation of an armistise.

Col. E. M. House, in Paris, as special representative of the American government to the European governments, has been making long reports to Washington, but it is believed these do not relate to proceedings of the war council, but rather embody the individual views he has gathered from many private conferences with the Entente Premiers, Cabinet officers and military and naval officers in attendance upon the council.

There has been much speculation in official circles as to probable features of the armistice which will be offered to the Central Powers, but it is admitted there is no definite knowledge on the subject.

One comparatively new proposition relates to guarantees to be exacted from Germany for repayment of tremendous financial losses suf-

KAISER TO QUIT WHEN DEMANDED.

Tells Reichstag Members Time not Yet Arrived for Abdication.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 30.—"If the moment comes when the interests of Germany demand it, I shall abdicate without hesitation, but the moment does not seem to have come."

Emperor William is quoted as having said this in an address to a number of members of the German Reichstag, according to a dispatch to the Exchange Telegraph from Amsterdam, quoting advices from Berlin.

The Emperor said the people must not think that he had decided to remain on the throne at all costs.

The dispatch adds that it is generally believed in Berlin that if the Emperor abdicates it will be in favor of Prince William, the eldest son of the German Crown Prince.

By Edwin J. James.

[ATLANTIC CABLE—EXCLUSIVE DISPATCH.]

[Copyright.]

WITH THE AMERICAN ARMY, Oct. 30, 10 p.m.—Capt. Eddie Rickenbacker today achieved his twenty-third and twenty-fourth air victories.

He was over the Boche lines doing a bit of hunting when a Fokker sped below him. Diving on the German birdman, he brought him down in flames. As he turned to come home he saw an observation balloon on the ground below him and sent incendiary bullets into it, burning it.

Rickenbacker asks me to say that the claim of the movie actress that she is engaged to marry him comes as news. He says he is sure she is not the girl he is going to marry.

NEW TRAINING CAMP WILL COST $5,000,000.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 30.—An engineer training camp, with accommodations for 16,000 men, is to be built at Fort Leavenworth, Kan. The War Department announced today that work will begin at once, and will cost about $5,000,000.

Decided improvement in the health conditions of American troops arriving abroad was noted today in a report received by the War Department from the chief of the army debarkation service. The improvement is believed by officers to reflect the better conditions in army camps in this country.

Daniels Raps Republicans.

[BY A. P. NIGHT WIRE.]

BOSTON, Oct. 30.—Secretary Daniels, in a political speech here tonight, declared Republicans were willing, in hope of party advantage, to make Germany believe President Wilson does not speak for America in his fourteen principles and terms of peace.

GERMANY SOON TO GET TERMS OF ARMISTICE.

[BY ATLANTIC CABLE AND A. P.]

PARIS, Oct. 30.—The heads of the Allied governments and Col. E. M. House, special representative of the United States government, with the military and naval advisers of the respective countries, continued their informal meeting today. Differences of view, natural to the immensity of the interests involved, have arisen, but, under friendly examination, they have largely disappeared.

Although some points in President Wilson's declarations may require more complete definition, an entire agreement is in immediate prospect.

The Supreme War Council will not meet formally until this full understanding has been reached.

The meagerness of news during this important period in Paris is due to the strictness of the censorship.

[The foregoing relates to the proceedings of the Inter-Allied Council, at which the terms of the armistice to be submitted to Germany are being formulated. In addition to the strict censorship, dispatches are being held up on account of the congestion of the cables by the exchange of communications between the United States government and its representatives at the inter-Allied conference.]

Col. House already has had conversations of considerable length with Premier Clemenceau, Field Marshal Haig, Viscount Milner (British Secretary of State for War,) William Graves Sharp (American Ambassador to France,) Premier Venizelos of Greece and General Tasker Bliss, American representative to the Supreme War Council.

The precise information in possession of Col. House relative to the European situation rather amazes statesmen on this side of the Atlantic. They have not been aware that Col. House, as head of a bureau at Washington, has been receiving for eight months the results of original study, from many sources, of conditions in every belligerent country in Europe.

PEOPLE RESENT VOTING ORDERS.

Iowa Promises Solid Delegation Against Caesarism.

G.O.P. Apathy Disappears Before Clarion Call of Hays.

Cannon Says Tumulty Talks Foolish About McKinley.

BY ROBERT B. ARMSTRONG.
[EXCLUSIVE DISPATCH.]

WASHINGTON, Oct. 30.—Reports pouring into Republican headquarters from all parts of the country indicate a tremendous reaction against President Wilson's appeal for the election of a Democratic Congress. Hundreds of telegrams received from party leaders in all contested territory were unanimous in expressing the belief that the President's appeal had become a boomerang.

When President Wilson issued his appeal last week, Republican leaders predicted it would stir up resentment among the voters and help the Republican cause. Their expectations in this respect have been greatly exceeded if the telegrams received correctly interpret the sentiment, Representative Fess, chairman of the Republican Congressional Committee, declared tonight.

A most thorough canvass has been made by the Republican organization in an effort to secure the trend of opinion with regard to the President's appeal. As soon as the appeal was issued leaders got into touch with party representatives throughout the country and called on them for reports as soon as it was possible to accurately gauge sentiment. The telegrams received today indicated that party henchmen were having little difficulty in diagnosing the situation as resentment against the President's note.

The telegrams also showed the complete disappearance of apathy among the Republican voters. Heretofore, the party leaders were having trouble arousing interest in any of the issues presented in the campaign. Now the indifference is gone and Republicans have pulled off their coats and are working at top speed, it was stated in most of the telegrams.

SAMPLE OF TELEGRAMS.

Here is a sample of the telegrams received today: It was signed by Republicans of Southwest Iowa. It reads:

"Republicans of Shenandoah and Southwest Iowa unanimously resent the insinuation of President Wilson that a Democratic Congress is necessary in winning the war. We stand aghast at Wilson's appeal for the power of a Caesar. We believe that Republicans in Congress who have led in legislation for national preparedness and for vigorous prosecution of the war can more safely be trusted by 100 per cent. Americans to make peace terms with Germany than Democrats of the Kitchin-Dent-Clark type, who have obstructed that legislation. We indorse Senator Lodge's two word platform of unconditional surrender and oppose any peace by negotiation.

"We deplore the partisanship of the President, who seeks to condemn to defeat loyal Republican Congressmen who have led in putting through great war measures and who give a blanket indorsement to Democratic Congressmen, who have indorsed those measures and now hold positions of power as chairmen of the principal committees in Congress. Keep this thought before the American people and our allies in the world war and let it be known that loyal Iowa which is sacrificing so many of her sons on the battlefields of France and which has gone over the top on every war activity will do it again next Tuesday by sending a solid Republican delegation to Congress."

Republican leaders today revised their forecasts on the basis of the optimistic reports received and predicted the House would go Republican by not less than seventeen votes, and that the Senate would go Republican by a margin of from two to four votes. The fears felt for some time by Republicans with regard to the Senatorial situation in South Dakota, Rhode Island and Nebraska, were dispelled by the reports coming in today. It was predicted the Republicans would not lose a single State which they now hold; that they are certain of at least four gains; and that the chances were most promising in five more including such States as Nevada, Colorado, Idaho, Kentucky and Missouri.

It developed today that Wilson's appeal was suppressed two or three weeks ago and the closest advisers of Mr. Wilson thought he had given up the idea. However, Secretary Tumulty, who is the common or garden variety of political adviser, kept urging such an appeal and it was put out by the President.

There was no lack of optimism at the Democratic headquarters, however. Leaders insisted that the messages they were receiving indicated that the President's appeal had been well received and would certainly result in a Democratic victory next Tuesday.

CANNON VS. TUMULTY.

The Republican Congressional Committee gave out an interview with "Uncle Joe" Cannon in reply to the statements of Joseph P. Tumulty, the Presiden'ts secretary, to the effect that President McKinley appealed to the country during the Spanish-American War to elect a Republican Congress. "Uncle Joe" said:

"Mr. Tumulty was born in 1879 and was 19 years old when we had the war with Spain. It is generally dangerous to write history from books and especially dangerous when the writer has a preconceived notion to develop. Mr. Tumulty's review of President McKinley's speeches in 1898 was for the purpose of finding politics in them and his quotations were for the purpose of showing that the Republican party appealed to the voters in 1898 just as President Wilson is doing now.

"Well, if McKinley had that purpose in mind he kept it pretty well concealed. He passed through my district and made a number of speeches, but never mentioned my name nor the Republican party. It was the same in Ohio, Indiana, Iowa and Nebraska. He made the same kind of speeches in the West that he made in the South the same year, about our united country, with no North, no South, no East, no West, but all Americans.

"If Mr. Tumulty will read all the speeches of President McKinley in 1898 he will find there was no partisan politics in them and that nowhere did he ask the people to elect a Republican Congress to support him and his policies, but on the contrary showed absolute confidence in the people of the whole country without regard to partisan politics or section, the Democratic South as well as the Republican North."

MARSHALL "ME TOOS."

Vice-President Marshall today wrote a letter to Senator Gerry of Rhode Island, chairman of the Democratic Senatorial Committee, indorsing the President's appeal for the election of Democrats. The Vice-President said:

"I note the zeal with which you have conducted your work as chairman of the Democratic Senatorial Committee, seeking to return Democrats to the United States Senate, who, for personal, political and patriotic reasons will stand behind the President of the United States in the trying times which are before him in winning the war and negotiating a lasting peace. It goes without saying that, as one who has been honored by the American people in being the running mate of Woodrow Wilson, I have no other desire than to see his wishes complied with by the people of America."

Among the letters received by Representative Fess today was one containing a $50 Liberty Bond intended as a campaign contribution.

"I know of no better use to which it might be put than to help elect the Republican party," the writer of the letter said.

FESS DISPROVES STATEMENT.

Chairman Fess of the Republican Congressional Committee has this to say about the attempt of the Democrats to justify President Wilson's political action in the record of President McKinley:

"Mr. Tumulty's letter in response to the wish of the President, in which he attempts to justify the action of President Wilson fails of its purpose.

"First, no President in our history has made such a request to the American electorate.

"Cases cited are on a par with utterances of political leaders not clothed with the prestige of the power of the Presidential office. Had such a request been made by Lincoln or McKinley, which never was made, they might have been free from the charge of an attempt to capitalize the patriotism of the country for partisan purposes, because, unlike President Wilson, they had a minority which attempted to block them at every turn in their prosecution of the war.

"McKinley in 1898 was confronted with an opposition minority too recent to be forgotten. It was well expressed in the vote on the fiscal measure to supply funds for the prosecution of the war, when out of 159 Democratic members of the Congress all but six voted against it. These facts should be examined in comparison with the conduct of the Republican minority in this war.

"In nine measures, including the major war measures, the Republicans actually cast more votes than the Democratic majority. In twenty-six measures there was not an adverse Republican vote cast. In all of the war measures the Republicans cast almost their solid vote. This compels a recognition that Republicans are 'pro-war,' but we do not believe it justifies an attempt to use the prestige of the Presidential office in time of war for partisan purposes on the charge that Republicans are anti-administration."

REALLY A COTTON APPEAL.

The President's appeal for the election of a Democratic Congress received a severt jolt from the Secretary of Commerce today, when statistics were published showing enormous increases in exports of raw cotton to Japan. This announcement, coming almost simultaneously with the announcement that American orders have been placed for the purchase of hundreds of thousands of cotton flour sacks made in Japan, gives to the President's appeal not merely a partisan but a sectional character.

Under the Democratic caucus system, whenever the Democrats are in power the Southern States control nearly all the important committees. In the South cotton is king. The South is content to sell raw cotton to Japan, where it can be made into cloth by cheap labor and shipped back to America in the form of flour sacks, or other textile products.

The Ways and Means Committee of the House is headed by Claude Kitchin, and the Finance Committee of the Senate by F. M. Simmons, both of them from North Carolina, a State only 3 3-10 per cent. of whose population subscribed to the Third Liberty Loan, as compared with 25.07 per cent. in California and the average for the nation.

Even if an occasional Northern Democrat should bolt the Democratic caucus, he could not defeat the domination of the South so long as the Democrats have a majority. With the South in control of the two committees that pass on tariff laws, there is no possibility of the enactment of a tariff law that will impose an import tax equal to the cost of production here and abroad.

That being true, a vote for a Democrat is a vote to continue shipping raw cotton to Japan and buy it back in the completely manufactured form.

The Democratic leaders of the Senate are prepared to apply the "gag" when the upper house meets tomorrow. They will demand a quorum and when it is disclosed there are not a sufficient number of Senators present they will move to adjourn.

The Republicans tonight were apparently reconciled to this programme, but insisted they had no intention of lifting their blockade on the election recess.

ON "ADJOURNING POLITICS."

BY CONGRESSMAN HENRY Z. OSBORNE.

What do I think of the President's appeal to the country for the election of a Democratic Congress?

To be frank, I have a deep feeling of regret, almost of sorrow, that the President should have assumed an attitude so disparaging to the loyalty of the Republican membership of Congress, as well as to one-half of the American people. The members of the Republican party constitute about one-half the population of the United States. Their sons comprise about one-half of our grand army. They pay at least one-half the taxes of the country, one-half the expenses of the war.

In Congress I have been an unvarying and consistent supporter of the war policies of the President. I have voted for every dollar of money and every grant of power asked for. I have not always so voted without some misgivings, but I have suppressed all such doubts in the conviction that every sacrifice should be made to the great cause, and that our elected President and Commander-in-Chief was the proper one to indicate the sacrifices that were necessary. Many other Republican Congressmen—a great majority of them, in fact—have been similarly actuated and have followed the same course.

Some of the most important war measures have been introduced and carried through by Republicans in cases where the Democratic chairmen of committees have been opposed to them. The most notable case was that of the selective draft bill, which was taken up and piloted through a stormy House by our fellow-Californian, the experienced, loyal and able Julius Kahn, ranking Republican member of the Committee on Military Affairs, after the Democratic chairman of the committee, Mr. Dent of Alabama, had declared against the chief principles of the bill and his opposition thereto.

Many bills of enormous importance, like the new war revenue bill now before Congress, involving annual war taxation to the extent of $8,000,000,000, have been reported to the House by the unanimous vote of the committees—Republicans and Democrats alike.

This is a hard thing to do for men like Joseph W. Fordney of Michigan, ranking minority member of the Committee on Ways and Means, and Uncle Joe Cannon, who hold ideas on financial matters entirely different from those of the Democratic floor leader and chairman of the Committee on Ways and Means, Hon. Claude Kitchin. But they have provided taxation in the bill as nearly right as possible; have refused to take an attitude of opposition that would greatly delay and endanger the passage of a revenue bill, and have signed the report in favor of the best bill that they could secure purely as a matter of patriotism, and that there might be no failure in funds to carry on the government and the war.

I feel that the President is entirely wrong in his expressed feelings as to the dangers of a Republican House and Senate. It is entirely different from the statement which I heard him make in a joint session of the Senate and House, in which he said, "Politics is adjourned." I really believed that it had adjourned. I have thought and have made the statement several times in the House that it would have been a great assistance in the conduct of the war had the President done away with all party politics during the war by creating a coalition Cabinet, placing therein the best brains of the country without regard to party. This policy has been pursued by Great Britain, France and Italy to great advantage to national interests. But the President did not see fit to take this action, and I and all other Republicans regretfully acquiesced. It now seems a little hard that the President should feel moved to warn the country against electing a Republican House and Senate as a national danger.

Personally I have been so handsomely used by the Democrats of my district that it may seem to them ungracious that I should express open dissent from the President in this matter. But, as I cannot agree with these expressions of the President, and as these may lead to other differences of opinion in the future, I feel that it would be fairer to my Democratic friends to express these views now before the election rather than afterwards.

The people of California have shown a spirit of patriotism as distinguished from partisanship to a striking degree. Eight of the eleven California members of the present Congress who voted for war and for the selective draft bill—three Democrats, Raker, Lee and Kettner, and five Republicans, Kahn, Nolan, Curry, Elston and Osborne—were renominated by both political parties in their districts. I know, and all of the members know, that this remarkable compliment is paid them, not on personal or political grounds, but solely because they have occupied high ground in the way of sustaining the nation in war as the paramount duty without regard to personal or political consideration.

"For myself, the attitude of the President in this matter will make no difference in my support of administrative measures for the finishing of the war. I shall continue in Congress to vote for every war measure as it comes up solely upon its merits as a war measure and free from party considerations.

I deeply regret that the patriotic truce that has existed since the beginning of the war in April, 1917, should be broken before the end of the war. In the House of Representatives it would be difficult for a stranger to decide by the votes from day to day which was the Republican and which the Democratic side. The leaders of the Republican side, such as Messrs. Mann, Cannon, Gillett, Kahn and others, really have been more constant in support of administrative war measures than have the leaders of the Democratic side, Speaker Clark, Messrs. Kitchin, Dent, Gordon and others. Yet I would not impugn the loyalty of these Democratic members, because I believe them to be absolutely loyal, but holding somewhat different views from the administration on some subjects. I think that the approaching election will be decided within the several districts upon the character and record of the candidates, and their attitude toward the war will be a potential factor.

I certainly do not think the election of a Republican Congress would retard the progress of the war in the least. On the contrary, I think that it might accelerate it; that the war expenditures would be better regulated, and that the provisions for peace and the coming industrial and commercial reconstruction would be improved by a Republican Congress.

REPUBLICAN IN ARMY OPPOSED BY WILSON.

LIEUT. MADDOCK, ARIZONA CANDIDATE FOR CONGRESS, FOUGHT BY DEMOCRATS.

[EXCLUSIVE DISPATCH.]

NEW YORK, Oct. 30.—The following statement has been issued at the offices of the Republican National Committee:

"The Republican candidate for Congress from Arizona is in military service in France. His Democratic opponent is stumping Arizona, keeping politics in continuous session. On reading Wilson's appeal the Tucson Citizen wired President Wilson:

" 'Referring to your appeal to the country to return a Democratic Congress can you have any possible objection to the election of Lieut. Maddock, who has been serving his country in France since last May?

" 'Do you think his election would be misunderstood on the other side of the water? On the other hand, wouldn't his defeat be taken in Germany as a repudiation of our fighting forces?'

"Lieut. Maddock is only typical of all Republicans. Hundreds of thousands of them are on the firing line in France, fighting against the perpetuation of one-man rule. Hundreds of thousands of them at home are on the firing line fighting against the same thing.

"Their answer to President Wilson's slander of their party, his charge that they are unfit and unsafe to participate in public affairs, and his audacious appeal for the election of only rubber-stamp Democrats who will cringe and fawn and do his bidding, has been instantaneons and vehement."

GIRL KILLS SELF WHEN JEWISH FLAG STONED.

[BY A. P. NIGHT WIRE.]

NEW YORK, Oct. 30.—Police reserves guarded house tops and fire escapes in Harlem today to prevent any outbreak of violence among thousands, of persons watching the funeral cortege of 13-year-old Sadie Dellon, who killed herself Saturday because boys had stoned a small Jewish flag which she displayed in honor of her brother, serving with the American Expeditionary Forces.

The trouble which led to the girl's suicide started with the display of flags as a tribute to the men who had enlisted from that neighborhood. Residents of the block are said to have taken exception to the exhibition of Sadie's little flag from a fire escape, because it was placed higher than the Stars and Stripes.

After it had been stoned and jeered and the girl herself struck by boys in the street, she barricaded herself in her father's store and drank poison.

When a patrolman broke into the shop she was found dead and beside her body lay a note reading: "I cannot see my flag insulted. Good-by all."

TWO KINDS OF MEAT MADE LEGAL AGAIN.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 30.—Mince pie, larded sweetbreads and larded filet of beef, hash, goulash and meat cake and pies containing two or more kinds of meats, trimmings or scraps, may be served in public eating places, Ralph P. Merritt, Federal Food Administrator for California, announced tonight.

A general order prohibits public eating places from serving more than one kind of meat at a meal and the modification of the order, it was said, followed investigation which showed strict observance of the rule would result in waste of meat scraps and trimmings.

Mr. Merritt also announced that old-established combinations of meats, such as liver and bacon, chicken and Virginia ham, club sandwiches and other varieties of sandwiches containing more than one kind of meat may be served.

SOUTHLAND MEN IN CASUALTIES.

LONG BEACH, Oct. 30.—The death of Corp. Arthur L. Peterson of Co. E, One Hundred and Seventeenth Engineers, in battle on the western front September 17, was witnessed by Corp. Clyde A. Shrode of the same company, according to a letter received by Mr. and Mrs. F. M. Shrode of No. 1054 East Second street, his parents.

"His platoon was detailed to go over with the first wave and cut wire for the infantry," writes Corp. Shrode. "They came upon a German machine-gun nest, and were carrying out an encircling movement to take it, when Peterson, who was loved by every man in the company, fell, dying without saying a word."

The funeral of Private Eugene L. Bobb, who died of pneumonia at Camp Lewis last Thursday while his bride of less than a year was speeding to him, will be held at Calvary Cemetery this morning. His widow, formerly Miss Herminia Orena, accompanied by her sister, Mrs. T. W. Dibblee of San Francisco, brought the body back to this city yesterday. Bobb was 25 years old, and the son of Mrs. George Bobb of No. 1145 South Lake street. He leaves two brothers, William Bobb, a San Pedro shipyards worker, and George Bobb of Wyoming.

News has been received from Camp Fremont of the death of Private Robert V. Lanham of Monterey Park. Lanham was 25 years of age and is survived by a mother, Mrs. Mary Lanham, and a sister, Mrs. Alice Thorp, both of Monterey Park. The body will be brought to Alhambra, where funeral services will be held at the parlors of Utter & Allen. Interment will be made in the San Gabriel Cemetery.

LONG BEACH, Oct. 30.—Fireman Harold M. Ketels, who enlisted in the navy two months ago, died last night at San Diego from pneumonia following an attack of influenza. Ketels, 22 years old, the son of Mr. and Mrs. M. Ketels of No. 145 West Fourth street, was rated as a second-class fireman and assigned to a southern port upon his enlistment. He lived in Long Beach for eight years, and, besides his parents, leaves a sister, Miss Bertha Ketels, and an uncle, Dr. E. A. Lang, there. The body was received by the Mottell undertaking parlors.

SANTA ANA, Oct. 30.—Although he was the nearest man to the point where a 6-inch Hun shell dropped, Lieut. Louis A. Riehl was only wounded in the left side and arm by portions of the shell, which killed two of his comrades and wounded three others. This information is contained in letters just received from Riehl by his mother, Mrs. Adam Riehl of Tustin. He writes he was lifted two feet in the air by the force of the explosion. Riehl went over with the last contingent of Co. L, One Hundred and Sixtieth Infantry (formerly Seventh California,) from Camp Kearny, and immediately on arrival in France was transferred to the headquarters company of the One Hundred and Second Infantry

LOS ANGELES HARBOR, Oct. 29.—The life of Private Walter W. Smith, whose name appears in the casualty lists today, was saved by his steel helmet, according to a letter received by his mother, Mrs. Anna Weisse, who lives at the Victoria apartments at San Pedro. Smith was wounded in August, and wrote that he expected to be able to go back to the front in a few days. A glancing bullet struck his helmet and cut a gash over his eye, taking away his eyebrow. Smith formerly resided at No. 1542 East Forty-eighth street, Los Angeles, and was a lather by trade.

SANTA ANA, Oct. 30.—Private Daniel L. Lan Franco, former Tustin ball player, was one of several Orange county men wounded on September 26, according to a letter received by his sister, Miss Louise Lan Franco. He writes from a hospital near Paris that he was wounded with shrapnel—"but I got my share of the Germans," he adds. Lan Franco was in the Three Hundred and Sixty-fourth Infantry from Camp Lewis.

G. O.P. REGISTERS MOST INCREASE.

Excess Enrollment Double that of Democrats in State this Year.

[BY A. P. DAY WIRE.]

SACRAMENTO, Oct. 30.—The increase in the number of Republican voters registered in California since the primary election August 27, last, was 27,513, according to party registration figures announced today by Frank C. Jordan, Secretary of State.

There was an increase of 13,588 in the number of Democratic voters registered since the primaries.

Registration by parties follows:

Republican, 649,290.
Democratic, 340,155.
Progressive, 20,433.
Socialist, 28,522.
Prohibition, 29,766.
Declined to state, 134,937.

OPPOSE EMPEROR'S PLAN.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 30.—The Rumanian National League of America, representing Rumanians of Transylvania, in a declaration made public here today, vigorously protests against federalization of Austria-Hungary as mapped out by Emperor Charles and the plan of the new Hungarian government to retain the oppressed nationalities within control of that government.

The protest, adopted at a recent meeting of the league in Cleveland, O., said Rumanians in Austria-Hungary repudiated autonomy or federalization under Hungarian or Austro-German leadership "because this would be only a new mask under which the enslavers of the past would continue their work of oppression also in the future."

"We demand, in accordance with the noble principles laid down by Allied governments and by the President of the United States, union with our brothers of independent Rumania," read the declaration.

JOHN D.'S GOTHAM HOME TO HOUSE WAR WORKERS

[BY A. P. NIGHT WIRE.]

NEW YORK, Oct. 30.—John D. Rockefeller, Sr., has turned the three upper floors of his city home into dormitories for women taking the special courses in recreational work, to be started here on November 29 by the War Work Council of the Young Women's Christian Association, according to an announcement tonight.

The house has been closed for several years and Rockefeller was persuaded to donate the use of the rooms by his daughter-in-law, who, as chairman of the War Work Council, is interested in training women to provide recreation for girls engaged in war industries. The rooms, decorated with carved wood, inlaid with ivory, will accommodate fifty students.

The Red Cross, which last year was given the use of the basement and first floor, will retain these quarters.

AMERICAN AVIATORS DOWNED BY SHRAPNEL

[BY ATLANTIC CABLE AND A. P.]

AMSTERDAM, Oct. 30.—Lieut. Frank Nelms of Philadelphia and Lieut. John Frederick Gibbs of New York, who were interned at The Hague after making a forced landing near Schoondyke, in Dutch Flanders on Sunday afternoon, were flying in an American bombing biplane of the latest type. The Americans had started from Calais and were dropping bombs on the German lines in Flanders when their machine was struck by bursting shrapnel at a height of 1000 feet.

British Demand Truce Terms for Huns Same as Bulgaria.

OPEN PRISONS, ENGLAND'S CRY.

Brutal Treatment of Britons Causes Anger to Rise.

Bestial Conduct of Hun Lashed in Parliament.

Barbarities in Belgium Must be Atoned, is Slogan.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 30.—That immediate release of all British prisoners will be insisted on by the government as part of armistice terms is expected here, Sir George Cave, Home Secretary, announced in the House of Commons yesterday. The same conditions imposed on Bulgaria would be insisted on in any truce with Germany or Austria, and Gen. Allenby has been instructed to follow the same policy with the Turks.

There is plenty of evidence that British prisoners have received worse treatment throughout the war than others, except Russians.

Such a demand will be a very important factor, and it is not likely the other Allies will show less regard for their nationals who are suffering in German camps.

Events since German peace overtures began have not tended to instill in the British hearts a spirit of conciliation, forgiveness or leniency toward the enemy.

Sinking of the Leinster followed closely the German note; evacuation of Belgian and French towns for years under German rule has opened what heretofore has been largely a sealed book and authentic stories from truthful people about German barbarities toward inhabitants have been flooding out.

Finally, yesterday's discussion in the House of Commons of the treatment of British prisoners appeared to have been about the last straw breaking the back of British patience—patience which the country generally seems now to think has been carried much too far. The Germans have only themselves to blame that these revelations came at a time so unfortunate for German interests.

The topic was forced on the House by a strong public demand for light on the circumstances of what is termed German blackmail in refusing to ratify an agreement for equitable exchange of prisoners unless the British consented to give guarantees against deportation of Germans from China.

Capt. Craig, member of the House, an exchanged prisoner, told with emotion of his experiences in German prison camps.

Sir George Cave, Home Secretary, gave authentic details of wholesale deaths of British soldiers, kept ragged, starving and verminous and compelled to work long hours in salt mines and under fire at the front, contrary to rules of The Hague convention, beaten and tortured and shot for petty or no offenses.

Old Parliamentary reporters say they have never seen such bitter and strong feeling pervade the House of Commons. The same feeling has infected the whole country. The only group of members who held aloof was a handful of pacifists, who appear to object to any unpleasant words about Germany more than they object to the war.

The general nature of the military guarantees which the Allies will require has been outlined as the occupation of strategical German bases, as well as retirement of the German army on its own soil.

Maritime guarantees are considered equally important to Great Britain. Their nature thus far is only speculative, but the internment of German submarines, if not the surrender of the whole fleet, appears to be the minimum terms which would satisfy the British. The sea is as important as the land to this island nation and the only detail in President Wilson's fourteen points on which there is constant questioning is what the President means by "freedom of the seas."

MAKE EXAMPLE OF HUN.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 30 (British Wireless Service.)—Germany has flagrantly broken the rules of international law in her treatment of British prisoners of war, declared Sir George Cave, the British Home Secretary, in discussing the question of prisoners of war in the House of Commons yesterday. Some of the German internment camps, he said, were reasonably well organized, but there were other camps where conditions were almost unspeakable.

These things were going on today, and the evidence the government had obtained from lately-returned prisoners was very much on the same lines as previously. Working parties of British prisoners were beaten, tortured and made to work when they were ill.

Sir George believed that if any armistice was reached the government would take steps to see that one of the primary conditions would be that all prisoners of war in enemy countries would be immediately and unconditionally released. He added:

"It will do no good to talk with the people who do these things. We have got to take them by the neck and throat, if we can, and punish them so that it will be an example for generations to come."

PEACE HUN BAIT FOR RESISTANCE.

Germans Told Harder They Fight Better Armistice They'll Get.

BY EDWIN L. JAMES.

[ATLANTIC CABLE—EXCLUSIVE DISPATCH.]
[Copyright.]

WITH THE AMERICAN ARMY, Oct. 30.—Abundant evidence is reaching our side of the line that the Germans offering stubborn resistance to the First American Army north of Verdun are fighting under instructions from officers that the harder they resist now the better armistice terms the Germans will be offered.

Prisoners say they have implicit faith that success in holding back the Americans now will have an important effect on the diplomatic situation.

PEOPLE FORCED HUN PEACE PLEA

(Continued from First Page.)

fered by populations of those portions of Belgium and France occupied by German troops. This is understood to contemplate possession by Entente Powers of important industrial cities in the Rhine country and of products of mines and soils therein until compensation has been made. Thus Germany would be dependent on Entente Powers for any iron and coal or manufactured products she might have to draw from that territory.

The official text of the Austrian note, which did not differ materially from the unofficial version was made public today at the State Department, but there was no announcement of receipt of the communication from Count Andrassy to Secretary Lansing asking his good offices with the President in behalf of Austria's plea.

Nor would anyone admit knowledge of a communication from M. Tchitcherin, the Bolshevik Foreign Minister, as given in cable dispatches today demanding evacuation by Allied and American troops of "the Murman, Archangel and Siberia." As the State Department never has recognized existence of the government of which M. Tchitcherin is a part, it is not probable his note will elicit a response. It is regarded as natural that the German-supported Bolshevik government should have been made very nervous by the impending collapse of the military party in Germany and Austria.

The official text of the Austrian government's note to President Wilson renewing the plea for an armistice and peace was given out in this form:

Department of State,
Oct. 30, 1918.

The Secretary of State makes public the following:

Department of Austro-Hungarian Interests, Legation of Sweden, Washington (D. C.) Oct. 28, 1918.

Excellency:

By order of my government I have the honor to beg you to transmit to the President the following communication from the imperial and royal government of Austria-Hungary:

In reply to the note of the President, Mr. Wilson, to the Austro-Hungarian government, dated October 18 of this year, and about the decision of the President to take up with Austro-Hungary separately, the question of armistice and peace, the Austro-Hungarian government has the honor to declare that it adheres both to the previous declarations of the President and his opinion of the rights of the peoples of Austria-Hungary, notably those of the Czecho-Slovaks and the Jugo-Slavs, contained in his last note. Austria-Hungary having thereby accepted all the conditions which the President had put upon entering into negotiations with the subject of armistice and peace, nothing, in the opinion of the Austro-Hungarian government, longer stands in the way of beginning those negotiations.

The Austro-Hungarian government therefore declares itself ready to enter, without waiting for the outcome of other negotiations into negotiations for a peace between Austria-Hungary and the Entente states, and for an immediate armistice on all the fronts of Austria-Hungary, and begs the President, Mr. Wilson, to take the necessary measures to that effect.

Be pleased to accept, excellency, the assurances of my high consideration.

[Signed]

W. A. F. EKENGRIN.

His Excellency, Robert Lansing, Secretary of State, Washington, D. C.

The second note from the German government supplements the last brief communication, saying armistice terms were awaited, by reciting in detail governmental changes which have taken place in Germany as evidence that the Kaiser has been deprived of all power of making war and negotiating peace.

This time the Germans do not address President Wilson personally, but send the information for the American government, apparently recognizing that the stage of personal appeals has passed with the transmission of their armistice and peace plea to the Allies.

It reiterates that the actual power of responsibility of the German government has been transferred to the Reichstag, and describes the progress of the necessary constitutional changes.

The note probably will be forwarded immediately to the Supreme War Council at Paris.

SACRAMENTO, Oct. 30.—Reports received by mail and telegraph at the offices of the State Board of Health here increased the approximate number of cases of Spanish influenza reported in California since the outbreak of the epidemic to 85,000.

There was a decrease of 142 in the number of new cases reported here today, compared with yesterday. The ordinance making the wearing of gauze masks compulsory was enforced today. A large number of persons who had failed to mask were sent to the hall of justice where they were given the option of buying a mask for 25 cents or being taken into court. Most of them bought masks. The proceeds of the sale were given to the Red Cross, Ira Conran, Chief of Police, said.

DROP IN SAN FRANCISCO.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 30.—Figures announced at 5 p.m. today by the Board of Health indicated a considerable alleviation of Spanish influenza conditions. Up to that hour 1189 cases had been reported, of which it was said 382 had developed within the past twenty-four hours and 807 were covered in mail reports for the past three days. The number of deaths reported was 103. The number of cases reported during the twenty-four-hour period ending at 5 p.m. on Tuesday was 1518 and the number of deaths 124.

The grand total of cases reported since the outbreak of the epidemic was 18,706, with a total of 904 deaths.

VALLEJO ASKS HELP.

[BY A. P. NIGHT WIRE.]

VALLEJO, Oct. 30.—The city of Vallejo today requested Capt. Harry George, commandant of the Mare Island navy yard, to send a medical unit to the city to combat the Spanish influenza epidemic. Many cases of pneumonia were developed among the working people, it was announced. There are 1000 cases of influenza here.

WASHINGTON LIFTS BAN.

[EXCLUSIVE DISPATCH.]

WASHINGTON, Oct. 30.—Owing to the steady decrease for the last four days in the number of deaths from Spanish influenza and a number of new cases reported the health authorities have lifted the ban on public gatherings. Church services may be resumed on Thursday in time for the celebration by Catholic and Episcopal churches of All Saints day, and theaters, moving-picture houses, dance halls and public and private schools will reopen, Monday, November 4.

Twenty-six deaths and 286 new cases of influenza were reported to the authorities today. The official record of deaths to date shows 1453 since the epidemic started in September.

DECLINES IN ARMY CAMPS.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 30.—While new cases of influenza and pneumonia at army camps in the United States showed a decline today, an outbreak of influenza at Camp Las Casas, Porto Rico, sent the total of new cases above that of yesterday. Reports received by the Surgeon-General tonight for the twenty-four hours ending at noon today showed a total of 3015 new cases, 562 being reported from Camp Las Casas.

New cases of pneumonia, however, were only 398, against 619 yesterday, and deaths were 151, against 198 yesterday.

CREST OF INFLUENZA AT CAMP LEWIS PAST.

ONLY THIRTY-FOUR NEW CASES REPORTED IN TWENTY-FOUR HOURS.

[BY A. P. NIGHT WIRE.]

CAMP LEWIS (Tacoma) Oct. 30.—Thirty-four new cases of influenza reported in the twenty-four hour period ending at 1 p.m. today was the smallest number reported in a similar period among soldiers here since October 6. There were only eighteen new cases of pneumonia. In the same period only ninety patients were received at the base hospital from all causes. More than 300 were discharged.

"The crest of the influenza epidemic is behind us and I believe the same thing also can be said of pneumonia and of the death rate which resulted from the epidemic," said Lieut.-Col. H. C. Gibner, surgeon of the Thirteenth Division, when he received the hospital reports today.

Pneumonia is believed to have reached its height with 346 cases reported for the week ending October 18. Deaths totalled fifty-six that week. This week's report will show a figure far below these.

Attempts of relatives and friends of some soldiers here to aid the men in getting outside camp beyond the quarantine limits still are causing a great deal of work for administration officers. At the same time some amusement also is caused by them. Maj. F. M. Emerson, assistant to the Chief of Staff, who issues passes to and from camp in cases of extreme necessity, today told of two attempts to "beat the quarantine." One soldier received a telegram reading:

"You never saw Bill alive. Come and see him dead. Will hold him."

Investigation showed the telegram to be the truth and also that "Bill" was a horse. The soldier didn't get his pass.

Another soldier received the following from a girl in Seattle:

"Sister desperately ill. May die. Meet me at the same place you did last time."

This soldier said he received the news his sister was ill in a telegram and when he was asked to show the message admitted the message was planned to enable him to visit Seattle. The girl made a mistake in suggesting the rendezvous.

ATROCITIES TOO BESTIAL TO READ.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct 30 (British Wireless Service.)—Speaking in the House of Commons yesterday regarding treatment of British prisoners, Sir George Cave said he held reports which could not be read to the House because of the character of the atrocities. In one camp since November, 1916, more than 2000 prisoners of all nations died.

Sir George said nine men drove picks into their feet in order to get away from a mining camp. In a salt mine a prisoner was beaten into unconsciousness and when he recovered was beaten into unconsciousness again.

The officers and superintendents who carried out the outrages against prisoners were known. Reports of what had happened in factories could not be read without something more than anger.

Regarding the treatment of British prisoners behind the firing line, Sir George said Gen. Ludendorff had promised redress, but his promise was unfulfilled. Men were put to work within range of the British shell fire, and had to carry munitions and do other work which prisoners should not be put to.

Sir George said that in the bad treatment of prisoners Turkey had proved a fit ally to Germany, as had Bulgaria, but happily the suffering of the captives there was over and they were being brought out of the country.

WHY Is It So Hard to Find "Second Hand" KURTZMANN PIANO ? ? ?

Grands $750 and up

Uprights $425 and up

In spite of the fact that in Southern California the demand for Kurtzmann Pianos is possibly greater than for any other make (Steinways excepted) it is practically impossible to buy a Kurtzmann "second hand." "Once a Kurtzmann owner, always a Kurtzmann owner," is a saying that is familiar to the music trade. Because of the sterling long-wear qualities that are built into every Kurtzmann Piano, these sturdy instruments retain their pleasing mellowness and richness of tone even after many years of hard service. This fact is conceded wherever the Kurtzmann is used—in the studios of many of our leading profession, in schools, colleges and in thousands of well-ordered American homes.

We, as Kurtzmann agents, have a few used Kurtzmanns in mahogany and fumed oak that have been turned in to us in exchange for instruments of the same make in Circassian walnut cases. These cannot be distinguished from new—and are offered at reduced prices. New pianos in other makes as low as $265.

TO QUIT REVENUE BILL TILL AFTER ELECTIONS.

SENATE PLANS SUSPENSION OF REVISIONS FRIDAY; REPORT IT NOVEMBER 12.

[BY A. P. DAY WIRE.]

WASHINGTON, Oct. 30.—Revision of the War Revenue Bill, under plans made today by the Senate Finance Committee, will be suspended Friday over the elections. The committee plans to report the bill to the Senate about November 12. Among the questions left over are gross sales and consumption taxes.

The new plan of taxing insurance companies 12 per cent. of net revenues in lieu of war excess, capital stock and premium taxes, was formally approved today. A proposal to allow refunds of premium taxes accumulating this year was rejected.

The committee struck out the business-license tax of $10 on all persons engaged in trades, business or profession, whose gross earnings or receipts are $2500. This provision of the House bill, estimated to raise $10,000,000, Chairman Simmons explained, was eliminated because the committee had adopted a plan of extending the war excess-profits taxes to individuals and partnerships engaged in trade or business.

DUTCH TENDERLY AID SUFFERING REFUGEES.

HEART-TWISTING SCENES WITNESSED AS SAD STREAM ARRIVES IN HOLLAND.

[BY ATLANTIC CABLE AND A. P.]

AMSTERDAM, Tuesday, Oct. 29.—When the German retirement in Belgium began it was expected that 250,000 refugees would seek safety in Holland. Up till Saturday night, however, only a small fraction of this number had arrived. At that time about 7000 had passed through the wire gates marking the Dutch-Belgian frontier. On Friday alone 4996 arrived. All but thirteen were French people from the districts of Valenciennes, Douai, Cambrai and Le Quesnoy.

The stream of refugees began to trickle in slowly. At first several hundred arrived each day, but the number now has increased to thousands. However, there has been time to organize at frontier centers food depots in charge of committees co-operating with the Dutch Red Cross. Doctors and nurses also were sent to the border.

So far there has been two main streams, some thirty miles apart. One point of entry is where the Dutch provinces of Brabant and Limbourg meet, and the other is across the Meuse River into Maastricht, the capital of Limbourg province. At these points the fugitives are registered by the military authorities and must undergo a physical examination.

SUFFERING INTENSE.

The spectacle of the weary, travel-stained war victims toiling through the mud and rain was affecting, and the sufferings of the old and infirm men, women and children on the 150-mile tramp were intense. Most of the French civilians had been on the road a month; others six weeks or two months. All the French spoke of the kindness of the Belgian people, who shared their food with them.

The fatigues of the journey were too much for some of the travelers. The weaker ones died on the way and a few others succumbed soon after reaching Holland. Many of the refugees are suffering from grip and bronchial affections.

Many pathetic incidents occurred during the march. Among the refugees reaching the Dutch border was a young mother with the body of the 6-month-old babe clasped to her breast. The babe had died four days previously, but the mother refused to bury the body in soil held by the enemy. An old woman of Cambrai traveled for three weeks in a chair tied on a cart. Scarcely had she reached neutral soil when the cart overturned and the woman was killed.

To distribute the fugitives in Holland the government last week ordered the burgomasters of Deventer, Assen, Zutphen and Arnhem and other provincial towns farther north to arrange to accommodate refugees to the extent of 2 per cent. of the populations of the towns. To these centers the fugitives now are being taken on fourteen special trains carrying 1000 persons.

DUTCH RENDER AID.

The Dutch villagers on the frontier have rendered efficient first assistance to the refugees, although food is not plentiful. At Maastricht great crowds welcomed the refugees by singing the "Marseillaise" and the "Brabanconne" and loaded them with food and dainties.

The French Minister at The Hague has been investigating the possibility of repatriating the refugees to France through the liberated section of Belgium, but the plan is not yet feasible. Meanwhile a scheme for repatriation by sea is being considered.

FORMER HAITI RULER DEAD.

[BY A. P. DAY WIRE.]

NEW YORK, Oct. 30.—Gen. Michel Oreste, one-time President of Haiti, died here early yesterday of pneumonia and other complications, soon after landing at an American port from France. He was 59 years old and was born in Jacmel, Haiti. A revolution by Gen. Theodore and Oreste Zamor forced his abdication and flight in January, 1914. He went to Jamaica and thence to Paris.

YEAR'S TONNAGE OVER 3,000,000.

Hurley Says Ships Completed will Exceed Estimate.

Too Many Wooden Ships; More Steel Wanted Now.

Alameda Yard to be Closed, Contracts Canceled.

[EXCLUSIVE DISPATCHES.]

WASHINGTON, Oct. 30.—Chairman Hurley of the Shipping Board said today the prospective total tonnage of ships turned out in 1918 will be around 3,200,000. The 6,000,000-ton shipbuilding programme outlined last year called for the production of at least 4,000,000 tons this year, but President Ferguson of the Newport News company and other experts informed the Senate Investigating Committee that about 3,000,000 tons would be the best that could be expected.

The Shipping Board will have eventually more wooden ships than it knows what to do with. Of the 600 wooden ships contracted for 287 have been launched and seventy-one are in service.

Wooden ships have been found impracticable for overseas service because they cannot carry enough coal for the round trip and there is no coal available in Europe. Consequently all the wooden ships must be used in the coastwise and Latin-American service and the experts say 400 will be more than enough for these routes.

The Shipping Board has decided to build more large steel vessels than hitherto planned. Companies now building 5500-ton ships will be required to enlarge their ways and build larger vessels.

CANCELS ALAMEDA CONTRACT.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 30.—Cancellation of contracts for $60,000,000 worth of troopships which were to have been built at a new government shipyard at Alameda, Cal., and stopping of building on that plant were announced today by Chairman Hurley of the Shipping Board.

Decision not to build the ships was reported three weeks ago, Mr. Hurley said, because they could not be delivered before 1920 and would be of little use in the military programme. It also was agreed that operation of the new yard might temporarily, at least, reduce the output of several large yards already operating in that district.

The new yard at Alameda was to be created wholly out of government funds, to be owned by the Emergency Fleet Corporation and be turned over for operations to the Bethlehem Shipping Company.

Mr. Hurley also said that when the War Department asked for large troopships, the Shipping Board authorized enlargements of the New York Shipbuilding Company's plant at Camden, N. J., and the Bethlehem company's Sparrow's Point yard. Extension of the latter plant has been completed, but that of the Camden yard has been ordered curtailed in line with the policy not to turn out ships of this type that cannot be made use of before 1920.

LAUNCH SIXTH FERRIS SHIP.

[BY A. P. NIGHT WIRE.]

SEATTLE (Wash.) Oct. 30.—Sixth of the Ferris type wooden steamers built at that yard, the Ardena, was launched in Salmon Bay today by the Meacham and Babcock Shipbuilding Company.

HUN GAS KILLED MUCH BELGIUM'S VEGETATION.

EASTERN FLANDERS AND SOUTH OF YPRES DEVASTATED BY GERMANS.

[BY ATLANTIC CABLE AND A. P.]

BELGIAN ARMY HEADQUARTERS IN FLANDERS, Saturday, Oct. 26.—That part of Belgium just liberated by the armies under command of King Albert has suffered little in comparison with other parts of the little kingdom and Northern France. Western Flanders virtually is intact north of the Lys and east of the old battle line.

From the region of Nieuport to the south of Ypres the stretch of ground and the territory for six or more miles on either side which was the battle ground for four years, judged by the numerous little black crosses that are scattered all about, might be called "Dead Man's Land." East of this region, however, there are villages untouched by the war, luxuriant farms and happy liberated towns.

West of the line which the British and Belgians held for four long years many villages and towns have been destroyed by German artillery fire. Furnes is only an empty shell of tottering walls and Pervyse is merely a geographical name. A post bearing the name of the village is the only thing remaining to show where Ramscapelle stood.

In this region poison gas has killed all vegetation and the trees stand gaunt and bare of foliage.

ASSURE WORLD PEACE BY YANKEE SACRIFICE.

[BY ATLANTIC CABLE AND A. P.]

BELFAST, Oct. 30.—Viscount French, Lord Lieutenant and Governor-General of Ireland, speaking today at a luncheon given by the Lord Mayor, said that the blood sacrifices of the American army had for all time cemented the Anglo-Saxon races.

"Those immortal heroes who sleep side by side on the battlefields of France," he declared, "have joined forever with indissoluble bonds the future of our great race that will bring a lasting peace to a troubled world."

Classified Liners.

CLASSIFIED RATES.

Minimum space, 2 lines, or 12 words.

No transaction of less than 25 cents daily or 30 cents Sunday.

Ten cents a line each insertion daily.

Fifteen cents a line each insertion Sunday.

EXCEPTIONS—A rate of 16 cents a line daily and 20 cents a line Sunday applies to advertisements under the headings of "Society Meetings," "Personals," "Special Notices," "Stocks and Bonds," "Street Improvement Bonds," "Money to Loan, Salaries, Chattels and Automobiles," "Money to Loan, Diamonds and Jewelry," "Medical," "Sanatoriums," and "Baths and Massage."

Minimum charge applies to each single and non-consecutive insertion. Count five average words for the first line, and seven average words for each additional line in advertisements not indented, lined-up or capitalized.

The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time. The inadvertent ommission of advertising will be rectified only by the cancellation of the charge made for the service ordered. Adjustments for errors will be made in accordance with published rules and regulations. No adjustment will be made, however, for advertising items not affected by an error or errors which may occur in other items in the same advertisement. The right is reserved to classify all advertisements under appropriate headings, and to reject objectionable advertising.

"WANT AD" SUPREMACY.

The Times regularly prints practically all of the "Want Ads" published in all of the other Los Angeles newspapers in addition to thousands of exclusive ads not printed in any other newspaper.

In all classifications—Help Wanted, Situations Wanted, To Let, Automobiles, Real Estate, Business Chances—TIMES LEADERSHIP IS UNQUESTIONED.

By using THE TIMES ALONE classified advertisers can cover Los Angeles and Southern California at one cost.

NOTICE— —NOTICE

IT'S A QUESTION

OF REAL VALUE FOR YOUR DOLLARS

THESE DAYS.

WHY NOT

ECONOMIZE NOW BY DRIVING

A GOOD USED CAR.

Hupmobiles and Chalmers, direct from the agents, who know how to make them right, and know when they are right.

On the sale of new Hups and Chalmers we have taken in a few selected good used cars, which we have carefully conditioned and renewed, and now are offering for sale as exceptional values. Everything late model and right up to the minute. We do not speculate in used cars. A number of these cars will be sold considerably below actual cost to us. Take time to call and look over some of the best used cars in the city.

1917 Chalmers, run 7000 miles.
1917 Chalmers, 7-pass., De Luxe top; special seat covers and paint.
Chalmers Master 6, a real good car, with almost new Cord tires, $500.
1917 Chalmers roadster.
1916 Chalmers, 7-pass., De Luxe top; most beautiful car and in elegant condition.
1917 Hupmobile, 5-pass.
1916 Hup., 5-pass., being refinished.
Hup. roadster, a beautiful job in latest style equipment.
7-pass. Hup., a real car for service and as good as new.
1918 Ford town car, only driven 3000 miles.
1917 Grant Six, roadster.
1916 4-pass. roadster.
1917 Studebaker Four, good as ever.
1916 Studebaker Four, convertible top.
1916 Model 83, Overland.
Dodge, late model, extra-good condition.
1917 Reo roadster, 5-pass.
Reo Six, touring car; extra good.
A good old '13 Cadillac.
Three good 1-ton trucks, never used, at big sacrifice.
The best Hup roadster in city.
We ask you to call and inspect any of the above; bring your mechanic.

FOR SALE—

WILSHIRE COLONIAL BUNGALOW.

Thinking that I would be able to secure a well-paying position, I had ERNEST A. BECKER, JR., find me a lot in the best part of WILSHIRE and I then contracted with one of the most reliable and successful builders to build me the best bungalow that $6500 cash would build. This bungalow is at the highest elevation of the WILSHIRE district. But I am sadly mistaken in finding the employment I had thought I would find. My daughter is sick and will have to go north, so consequently it would be folly for me to keep the house even if I were financially able to do so. The house will be completed in three weeks and decorators will start papering and decorating in the next four or five days, and if bought before decorators start, the buyer may have the privilege of selecting the wall paper or canvassing the walls and select the fixtures. This house can be bought for $5800 on terms, as the builder is financially able to handle. My exclusive agent will show you the property at your convenience, but you must act quick, as property of this kind and character will not last long. It can be seen only through

GOLINDO TO DEFEND TITLE.

[EXCLUSIVE DISPATCH.]

NAVAL TRAINING CAMP, BALBOA PARK, SAN DIEGO, Oct. 30.—Mike Golindo and Butch Crozler, two popular young boxers will meet for the lightweight championship of the Pacific fleet, Monday evening, in the main event of the boxing programme which has been arranged by Lieut. J. S. Conover, athletic officer of this camp. The match is considered one of the most important battles staged in Southern California for a considerable time.

Golindo is the holder of the title, having won the championship belt in June, 1916, when he defeated Ted Merridith in San Diego waters after twelve hard rounds. Golindo has met several opponents since that time, but was always returned the victor.

Dutch Crozler has been boxing in this vicinity for the past year and has added a string of victories to his long list. He has appeared in several bouts at Vernon and is well known as far north as Seattle. The two men will weight about 133 pounds.

Arrangements are already being made to handle the large crowd that is expected to attend and seating capacity of 5000 is being arranged for. The two fighters yesterday agreed to Eddie Fortney for referee, he being a former navy welterweight champion and he will give the decision without the assistance of judges.

SPORTS AT THE TRAINING CAMPS.

There is to be a new entrant in the football field. The aviation school at March Field, Riverside, will put out a football team as soon as the quarantine order is reversed. The eleven is of unknown quality as no one has yet seen the men working out. W. T. Kindrick is the athletic director of the Three Hundred and Eleventh Aero Squadron at March Field.

The famous baseball team of the Submarine Base has lost three of its best men. Butch Byler, formerly a Salt Lake catcher, Lieut. J. B. Cook, and "Skybald" Moreno, all left the base this week to see active service on a sub.

The Naval Reserve baseball team has caught some of the spirit of the great American game from their close rivals, the Sub Base, and are at work practicing every day, so that they will be able to take on all the local teams when they are allowed to leave their quarters. As the reserve has no athletic field the boys have to use that of the Submarine Base. This field is in beautiful shape now, and well taken care of. The surface is of dirt and sawdust and is thoroughly wet daily with a fire hose. At first there was nothing to work on but a rough field filled with rocks and lumps, but through the work of the undersea boys it is one of the best fields in the south.

BRENTWOOD GOLF OPENS THIS WEEK.

The Brentwood challenge cup fall tournament will start this week. Qualifying rounds will be played Saturday, November 2, and Sunday, November 3. All matches after the qualifying round must finish not later than each Sunday following. By mutual agreement, between the players who are matched, their games can be played any time during the week prior to Sunday. Any player not making such arrangements and not appearing ready to play Sunday will forfeit his game. The Greens Committee request that all members who possibly can should enter this tournament. All games will be on a handicap basis. The cup has to be won three times for ownership. Dr. C. V. Coke has won it twice.

Health conditions will not allow the dinner-dance at the Brentwood Country Club to be held, Saturday night and it has been postponed until November 16.

THANKSGIVING DAY BATTLE ARRANGED.

The Naval Reserve football team is scheduled to play the Arcadia Balloon School eleven Thanksgiving Day at Washington Park. Sam McClung is helping put the football huskies through their paces at the harbor. McClung was formerly at the Washington State, and also St. Louis University. The naval eleven hopes to get the Christmas date with the Submarine Base boys at Washington Park.

Normal State School has a new man on her football team in the shape of Lieut. Paul Kenney, who three years ago, starred for Lincoln High School.

OXY-NORMAL BATTLE IS DECLARED OFF.

The Occidental-Normal football game which was to have been played Saturday has been called off by the medical officer at the Presbyterian institution. Capt. Kirkpatrick says he thinks the Tigers will be able to take on the Redlands University team a week from Saturday.

ANNANDALE GOLF.

Following are the scores made yesterday at the Annandale Golf Club in the Thrift Stamp tourney—18 holes for medal play:

C. E. Arnold	90	18	72
R. D. Davis	92	20	52
A. F. Rendell	85	12	53

SWIMMERS PLANNING TOUR OF COUNTRY.

The swimming team of the Multnomah Athletic Association of Portland, Or., will undertake a competitive tour of the United States in the near future. The time has not been set definitely, but plans are so well matured that official notice of the trip has been sent out by the organization. Eastern teams, it is stated, are taking a lively interest in the prospects of the trip.

OLD YALE COACH TO TRAIN AIRMEN.

[SPECIAL CORRESPONDENCE.]

NEW HAVEN (Ct.) Oct. 25.—William Queal, for five years coach and trainer of the Yale cross-country and distance runners, has been appointed trainer in one of the United States aviation fields and has reported for duty. His ultimate assignment is unknown, but it is understood his duties will relate to the supervision of the system of training the airmen.

MANUAL ARTS BOYS PRACTICE IN CANYON.

Coach Sid Foster tucked some twenty-five husky Manual Arts football aspirants away in the sheets up in San Dimas Canyon last night, having transported his youngsters far from the "madding throng" and the still more madding "flu" microbes. Some twenty-five huskies make up the party, and they will remain up in the canyon about a week, taking lots of exercise in the open air and incidentally practicing football. Sid is overlooking no bets and expects to repeat for the Southern California prep championship in even more convincing manner than he did last year.

SAN DIEGO SHOOTING.

Deputy Webb Toms, despite the disappointment expressed over the San Diego deer-hunting of this year, has compiled a list of thirty-one killed in that county, one man, C. Lankford, having scored his limit of two.

BARBER GIVES RECIPE FOR GRAY HAIR

Tells How to Make a Home-Made Gray Hair Remedy.

Mr. A. E. O'Brien, who has been a barber in New York City for many years, made the following statement: "Gray, streaked or faded hair can be immediately made black, brown or light brown, whichever shade you desire, by the use of the following remedy, that you can make at home:

"Merely get a small box of Orlex powder at any drug store. It costs very little and no extras to buy. Dissolve it in water and comb it through the hair. Full directions for mixing and use come in each box.

"You need not hesitate to use Orlex, as $100 gold bond comes in each box guaranteeing the user that Orlex powder does not contain silver, lead, zinc, sulphur, mercury, aniline, coal-tar products or their derivatives.

"It does not rub off, is not sticky or gummy and leaves the hair fluffy. It will make a gray-haired person look twenty years younger."

TODAY'S BEAUTY TALK.

You can enjoy a delightful shampoo with very little effort and for a very trifling cost, if you get from your druggist's a package of Canthrox and dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid—enough so it is easy to apply it to all the hair instead of just the top of the head. Your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation that thoroughly dissolves and removes every bit of dandruff, excess oil and dirt. After rinsing, the hair dries quickly with a fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure.

Unsightly pimples and blemishes on the face are sure signs that the skin and blood need the purifying and strengthening action of

BUSINESS MAN'S WIFE TESTIFIES

Declares It Is Nothing But Right to Tell About It.

Mrs. Lane Was Sick and Miserable Three Years.

Health Restored Completely After Taking Tanlac.

Mrs. Anna M. Lane, residing at 333 West 40th Place, Los Angeles, is still another woman of culture and social position whose deep sense of gratitude and desire to help others will not permit her to remain silent regarding the wonderful benefits she has derived from the use of Tanlac. Mrs. Lane is the wife of W. V. Lane, who is general agent and manager in California for the Monarch Metal Weather Strip Company of St. Louis, Missouri, is one of the best known business men in the State. Mr. Lane has his offices at 606 Metropolitan Building at Fifth and Broadway.

"No one who gets the wonderful relief Tanlac has given me," said Mrs. Lane, "could help feeling thankful, and I am more than glad to let everybody know how I have been benefited. For the past three years I have suffered from stomach and liver trouble and nervousness. My appetite was very poor and what little I did eat failed to digest properly. My food did not seem to assimilate as it should and, of course, I was not getting sufficient nourishment to keep up my strength. I suffered a great deal from the gas on my stomach, was constantly belching up sour undigested food and had a very disagreeable taste in my mouth, especially in the mornings. I was very nervous, depressed, weak and tired all the time. In fact, I was in a very badly run-down condition and seemed to be getting worse all the time.

"So many were speaking of the benefits they had received from Tanlac that made up my mind to give it a trial myself. So, the latter part of August Mr. Lane brought me a bottle and I began improving the first week. My appetite got better and that tired feeling commenced to leave me. So I continued using Tanlac faithfully and improving, until now I have taken five bottles and am feeling like a new person. My strength has increased wonderfully and I am just full of new life and energy. Getting one's health back after feeling sick and miserable for three years like I did is something to be appreciated and I feel that it is nothing but right that I should tell others about my experience with Tanlac." Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Co., under the personal direction of a special Tanlac representative.—[Advertisement.

THE WEATHER.

[Official Report.]

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Oct. 30.—[Reported by Ford A. Carpenter, Meteorologist.] At 5 o'clock a.m. the barometer registered 29.96; at 5 p.m., 29.92. Thermometer for the corresponding hours showed 74 deg. and 84 deg. Relative humidity, 5 a.m., 28 per cent.; 5 p.m., 22 per cent. Wind, 5 a.m., northeast, velocity 10 miles; 5 p.m., west, velocity 7 miles. Highest temperature, 92 deg.; lowest, 60 deg. Rainfall for season, .67 of an inch. Barometer reduced to sea level.

WEATHER CONDITIONS.—The area of low pressure is now over the Eastern States, and it gave heavy rain to New Orleans and Knoxville, the former receiving 4.14 inches and the latter 2.26 inches during the past twenty-four hours. The western high area remains in control of the weather west of the Mississippi River, the skies being generally fair. It is cool over the northern section, and, because of the presence of an area of low pressure in New Mexico, warm over the southern half of California. The temperatures were generally above 90 deg. in this district. Continued fair and dry weather will prevail during the ensuing thirty-six hours, but it will not be so warm Thursday.

ORCHARD REPORTS.—Minimum and maximum temperatures from orchards reported to the Los Angeles office of the U. S. Weather Bureau yesterday are as follows:

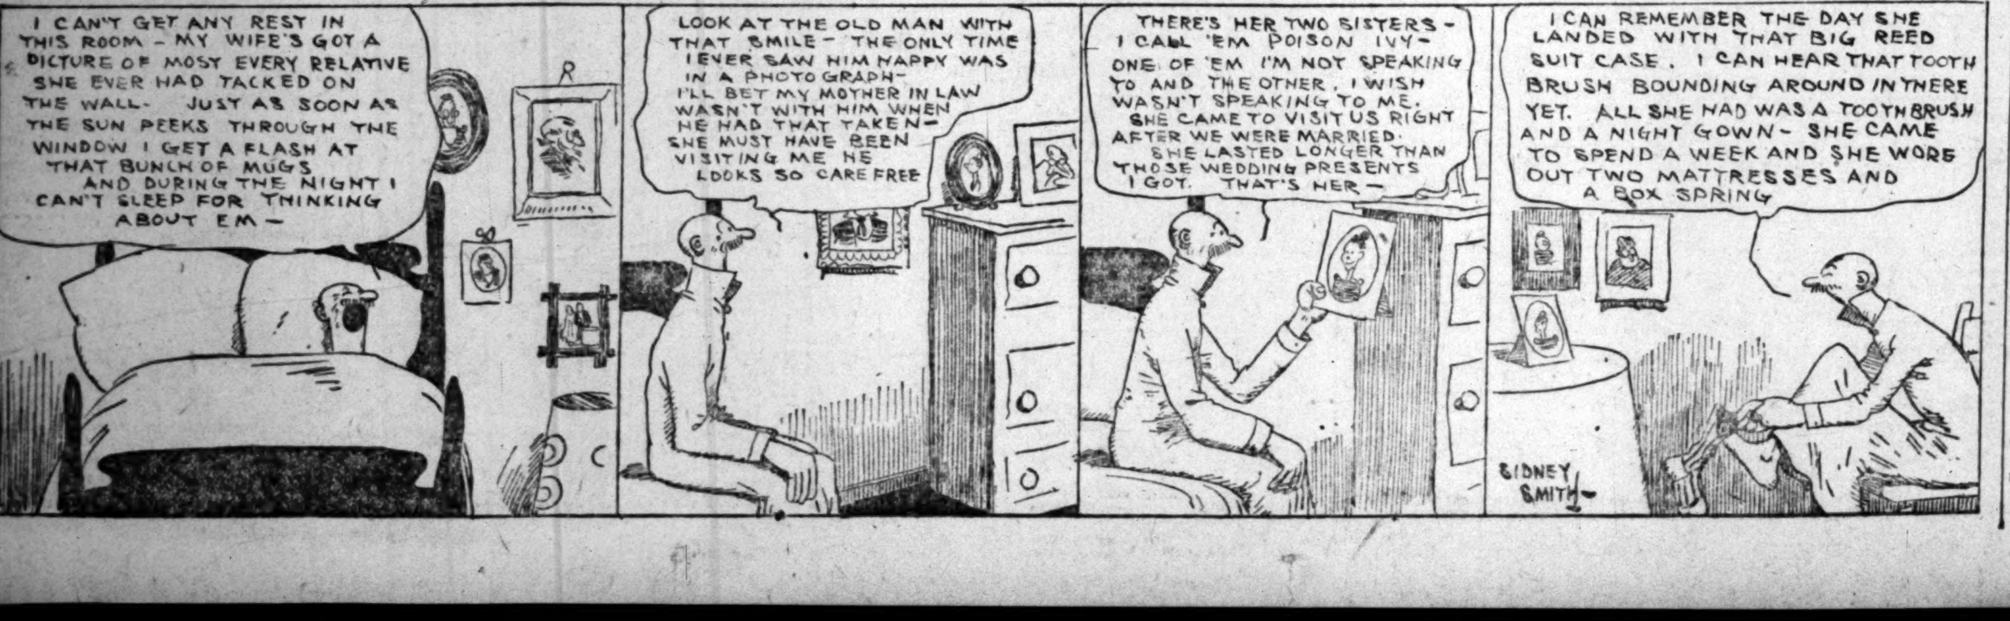
THE GUMPS—ANDY'S ROOM IS AN ART GALLERY.



I CAN'T GET ANY REST IN THIS ROOM — MY WIFE'S GOT A PICTURE OF MOST EVERY RELATIVE SHE EVER HAD TACKED ON THE WALL — JUST AS SOON AS THE SUN PEEKS THROUGH THE WINDOW I GET A FLASH AT THAT BUNCH OF MUGS AND DURING THE NIGHT I CAN'T SLEEP FOR THINKING ABOUT EM —
LOOK AT THE OLD MAN WITH THAT SMILE — THE ONLY TIME I EVER SAW HIM HAPPY WAS IN A PHOTOGRAPH — I'LL BET MY MOTHER IN LAW WASN'T WITH HIM WHEN HE HAD THAT TAKEN — SHE MUST HAVE BEEN VISITING ME HE LOOKS SO CARE FREE
THERE'S HER TWO SISTERS — I CALL 'EM POISON IVY — ONE OF 'EM I'M NOT SPEAKING TO AND THE OTHER, I WISH WASN'T SPEAKING TO ME. SHE CAME TO VISIT US RIGHT AFTER WE WERE MARRIED. SHE LASTED LONGER THAN THOSE WEDDING PRESENTS I GOT. THAT'S HER —
I CAN REMEMBER THE DAY SHE LANDED WITH THAT BIG REED SUIT CASE. I CAN HEAR THAT TOOTH BRUSH BOUNDING AROUND IN THERE YET. ALL SHE HAD WAS A TOOTH BRUSH AND A NIGHT GOWN — SHE CAME TO SPEND A WEEK AND SHE WORE OUT TWO MATTRESSES AND A BOX SPRING

MAY MAKE THREE ARRESTS TODAY.

Investigation of Mysterious Murder of Wealthy Broker Points to Men Only as Authors of the Crime. "Spook" and Robbery Theories Scouted.

STREET cleaners, landladies of apartment-houses, chambermaids, janitors and garbage collectors throughout Southern California are asked by Detective Captain George K. Home, in charge of the Fogel murder case investigation, to keep a sharp lookout for a yellow envelope about 9x4 inches in size and printed in red ink. (A reduced facsimile of this envelope appears below the photograph herewith.) It was in this envelope that Reuben Fogel, wealthy murdered mining man and bond broker, carried his money to the murder house on West Twenty-seventh street Tuesday afternoon. When his body was robbed this envelope and its contents were carried away by the murderers. It is the belief of the detectives that the envelope was thrown away soon after the crime was committed and that it will be found in a waste basket, ash barrel or on the street. Its location will, of course, furnish a clew to the movements of the murderers after they left the scene of the crime. Any information on the point should at once be communicated to Capt. Home at police headquarters.

Arrests of two and possibly three men in connection with the mysterious murder of Reuben Fogel may be made late today, according to the detectives investigating the case. They spent considerable time at Long Beach yesterday afternoon, and another trip to the beach will be made early today.

Detective Captain Home says he takes no stock in the theory that a woman was an accomplice in the murder. He declares the finding of three hairpins in the death room indicates nothing, because the pins may have been worn by women who resided there until October 1. His opinion is that the killing was done by two men who, he thinks, entered the house twenty-four hours before the tragedy occurred.

From the manner in which they gained entrance he believes that the murderers were not familiar with the surroundings and that they chose the location because they found the house was for rent. The fact that it was furnished served their purpose admirably. They tore down a "for-rent" sign which had been placed in one of the front windows by a realty firm.

IN REVENGE?

"The men who killed Fogel probably did it to wipe out some grudge. I doubt if they had known him long," said Capt. Home. "He was financially able to have taken from $25,000 to $50,000 with him to the house, which leads me to believe that the men had no idea of his real wealth and gauged the size of their bait by a recent mining-stock sale with which they might have been familiar."

Fogel made a deal in mining stock a few days ago and received a payment of some $500 through the Bank of Santa Monica. When the men who conspired to rob and kill him set the trap to lure him to the old house they opened negotiations for the sale of a $500 Liberty Bond for an invalid woman who was supposed to be living there. At their request Fogel appeared with $490. Capt. Home thinks robbery was not the underlying motive for the crime. He expresses the opinion that the murderers thought in figures of $500 simply because they had to have some sort of bait as a lure and that they might have known he had at least that much ready cash.

"I'm convinced that when Fogel entered the house he was asked to go up to an upstairs room where the aged woman was supposed to be," continued Capt. Home. "When he was ushered into the room he was given a seat, and while one man left the room to call in the mythical woman the other fellow, who was perhaps making a bluff at sitting down facing Fogel, whipped out something and struck him on the head. It appears that a heavy iron bolt or something of the sort was used. Eight or ten blows were struck, and any one of them would have caused death."

SCOUT SPOOK THEORY.

The detectives detailed on the case scoff at the idea of clairvoyancy being mixed up in the murder. They say that, like a good many men of means, Fogel was susceptible to fortune telling, and that, because of his superstitious nature, he frequently consulted mediums. Capt. Home says he frequently encounters fortune telling in murder cases, because money is so often the cause of murder and people with money are frequent patrons of fortune tellers.

Neighbors say they saw Fogel enter the house at 3:30 o'clock Tuesday afternoon. Because he inquired from several small boys who were playing tennis where he could find the house in question, the police believe that he had never before visited the place. Neighborhood gossip has it that the house has been occupied a number of times by clairvoyants, but the police say they have been unable to verify this assertion. The owner, Henry Daly, of Daly & Daly, Venice, says he does not know the name of the last tenant, as the house was rented through an agent.

WHAT MEDIUM SAYS.

Mrs. Lillian de Woolf of No. 950 South Olive street, said yesterday that Mr. Fogel first visited her for a trance reading about one month ago.

"My control—Pansy—told Mr. Fogel while I was in a trance," said Mrs. De Woolf, "that he was to be careful the last four days of October; that he would be in danger of losing his life, but that if he was careful, no harm would come to him. Two weeks later, at a private seance, Mr. Fogel's own control—Lottie—told him again of the danger and told him of his son's illness at Camp Fremont. Mr. Fogel's wife went to visit her son, and if Mr. Fogel had gone he would not have been murdered. Last Wednesday evening here at my home, in the presence of Mr. E. P. Woods, who has his office in the same rooms with Mr. Fogel, and of members of

FRUIT-GROWER ARRESTED.

Edward N. Harman, well known as a raiser of avocadoes, was arrested yesterday afternoon by State Deputy Fire Warden Ray Vercler charged with negligence in permitting a brush fire on the Harman property to spread last Saturday afternoon so that it destroyed Lookout Mountain Inn and caused a total damage of $20,000. Mr. Harman was taken before Justice Charles R. Powell in Sherman, pleaded not guilty, and released under $500 bail for a 10 o'clock hearing next Monday morning.

In the complaint he made yesterday to Justice Powell resulting in the taking of Harman into custody by Constable Moore, Warden Vercler charges that Mr. Harman started a brush fire on his property adjoining Ponet Canyon, and unintentionally permitted it to spread.

The arraignment of Mr. Harman, who is one of the best-known citizens of Sherman, came as a complete surprise, as his name had not been previously mentioned in connection with the investigation. He could not be reached last night. The charge of negligence in permitting a fire to destroy property is a misdemeanor under the law.

Where and How Reuben M. Fogel was Murdered.

The top picture is of the vacant, furnished, for-rent house at No. 429 West Twenty-seventh street, to which the wealthy bond and realty broker was lured. The pen-and-ink inserts show the front staircase to the library and the Morris chair in the bay window, where the victim was beaten to death with an iron bar. Below is a facsimile of the envelope which contained Mr. Fogel's money and which was carried away by the slayers. Its present whereabouts is a matter of great interest to the police.

NON-SUPPORT CHARGED.

Wife of Well-known Wilshire Boulevard Realty Man Files Suit for Divorce.

Carrie K. Hughes yesterday brought suit for divorce against Thomas A. Hughes, a well-known real estate man, who carried on business at No. 3751 Wilshire boulevard, and lived at No. 3835 South Western avenue.

Mrs. Hughes charges nonsupport. She said last night that her husband is now in the army, stationed at Fort MacArthur. Her attorneys of record are W. Herman Schroeder and Benjamin F. Cator.

IS TO SUCCEED WOOD.

Claremont Man is Named County Horticultural Commissioner Pending Creation of Eligible List.

Delacourt Kell, horticultural inspector at Claremont, was yesterday named County Horticultural Commissioner by the Board of Supervisors, succeeding William Wood, who died last week at his home in Whittier.

The appointment is temporary. Later the State Board of Horticulture and the County Civil Service Commission will jointly create a new eligible list from which to select a County Horticultural Commissioner.

NEW DRAFT MEN CALLED.

Three Thousand to Entrain November 11 for Kelly Field and Camp Lewis.

Selective service boards in Los Angeles were spurred to yet greater activity yesterday by a series of calls for men between 19 and 36 years to entrain to two different army training camps, Camp Lewis, Wash., and Kelly Field, San Antonio, Tex. The orders to prepare men for entrainment, the first since the epidemic put a halt to movements of large bodies of men, were wired to all local boards by Adjt.-Gen. Borree, and asked that the men going to both camps, except a minor call for colored men, should entrain November 11. In response to these calls, Los Angeles city will furnish 2221 white men and twelve negroes, and the county boards will bring the total to about 3000.

The larger number of men, contrary to expectations of army officers and draft officials, will go to Kelly Field, an aviation center. Orders first came to entrain 279 men from the different boards for Kelly Field on November 1, but when it was discovered that the registrants would only have forty-eight hours' notice, the order for entrainment was changed to November 11. It was expected that many of these men would go to Camp Kearny or to Camp Lewis, but the total quota for the city to go to Camp Lewis is only 228, all to entrain on November 11. Twelve negroes leave for Camp Lewis November 19.

QUOTAS BY DISTRICTS.

The quotas by districts follow: District No. 1, to Camp Lewis 4, to Kelly Field 15; District No. 2, 5 to Kelly Field; No. 3, 18 to Lewis, 130 to Kelly Field; No. 4, 4 to Lewis, 14 to Kelly Field; No. 5, 61 to Kelly Field; No. 6, 81 to Kelly Field; No. 7, 10 to Camp Lewis, 67 to Kelly Field; No. 8, 12 to Camp Lewis, 67 to Kelly Field; No. 9, 10 to Camp Lewis, 63 to Kelly Field; No. 10, 11 to Camp Lewis, 101 to Kelly Field; No. 11, 210 to Kelly Field; No. 12, 11 to Camp Lewis, 74 to Kelly Field; No. 13, 7 to Camp Lewis, 49 to Kelly Field; No. 14, 12 to Lewis, 75 to Kelly Field; No. 15, 21 to Lewis, 166 to Kelly Field; No. 16, 35 to Lewis, 245 to Kelly Field; No. 17, 58 to Lewis, 130 to Kelly Field; No. 18, 22 to Lewis, 137 to Kelly Field.

In some cases the men needed will come from the call of June and August, this year, but for most boards they will be men of the September draft. Board No. 16 will examine 400 men Thursday for this call, but has forty-five men of former drafts to draw from.

700 JOIN ARTILLERY.

It was announced yesterday that 700 men have applied for admission to the Nineteenth Howitzer Artillery, the heavy artillery unit being organized at Fort MacArthur. Plans are being made to have the men who have been inducted into the organization attend night meetings for instruction purposes during the interim before their actual call to duty. This will give them two weeks of instruction in morale and army hygiene. Capt. D. W. Nicoles and Lieut. F. L. Macfarland will probably have charge of these instruction schools, plans for which are being made by Col. A. G. Clarke. Officers advise that men who have been accepted for this artillery branch watch the newspapers for notice when and where they are to appear for instruction.

A call for 100 Pasadena men of the new draft to leave for army camps on November 11 was received by the two local draft boards yesterday from Adjt.-Gen. Borree. This is the first call there of the new draft registrants, forty-eight from board No. 1 and fifty-two from board No. 2. They go to Kelly Field.

The remarkably wide distribution of the Fourth Liberty Loan is responsible for Los Angeles' oversubscription and the establishment of a percentage of 114.6, Liberty Loan workers declared yesterday, when the final official figures were announced.

In the third loan, with 159,000 subscribers, Los Angeles led all other cities in this regard and it 's the confident belief of those in charge of the latest loan that this record has been not only maintained, but far exceeded, for 238,067 separate subscriptions were made, an increase of 80,000 over the third loan.

H. S. McKee, chairman of the Southern California State Central Committee, yesterday placed the credit for the splendid showing; first, with the people themselves for their patriotic response to the call, and second to the remarkably efficient organization, industrial, precinct, competitive, women's, foreign, and all the rest of the machinery which worked to reach every resident of the city.

GO OVER QUOTA.

The ten Southern California counties over which Mr. McKee's jurisdiction extended exceeded their quota by $14,000,000 and rolled up a percentage of 120.2 and a subscribers' total of 412,333. East San Bernardino proved the banner oversubscribing district, 1048 subscribers there purchasing $174,800 worth of bonds, or 170.8 per cent. The quota for Los Angeles county was $52,215,750, and $63,364,000 was subscribed by 307,687 participants, a percentage total of 119.1.

In Los Angeles city the quota was $42,938,900 and the subscription $49,107,150 a 114.6 per cent. showing, but the really marvelous part of the official figures is in the distribution, which represents a bond to about every two and one-half persons.

Oxnard is the Southern California incorporated town to score the highest record. With a quota of $476,300, the amount subscribed there was $1,229,700, the number of subscribers, 1784, and the percentage, 258.2. Hollywood's showing, however, was more remarkable, for there 9278 subscribers took $2,210,650 worth of bonds against a quota of $614,850.

THANKS PUBLIC.

The following statement was issued yesterday by the general committee here:

"NEED FLOWERS"—HAYS.

Republican National Chairman Urges Ninth District to Elect Him.

Hon. Will H. Hays

Will H. Hays, chairman of the Republican National Committee, yesterday sent a stirring message to the voters of the Ninth Congress District, urging the election of Montaville Flowers, the Republican nominee. Since he became the national leader of the Republican party Mr. Hays has done more to bring about a coalition of the two factions of the G.O.P. than any other man. He is well known to many Californians and no one will question the sincerity of his appeal for the election of a Republican Congress.

Following is his message:

NEW YORK CITY, Oct. 30, 1918.

TO THE VOTERS OF THE NINTH CALIFORNIA DISTRICT:

Montaville Flowers should be elected.

There never has been a more important election in the history of this country than the Congressional elections next week. The Congress elected will aid in forcing the war to a victorious end, if that has not already been accomplished; it will aid in concluding the terms of peace after the unconditional surrender of Germany, and it will solve the mighty problems of reconstruction which will determine the destiny and welfare of this country for the next hundred years.

The great question is whether the voters want that reconstruction to be under constructive Republican leadership or under exclusive control of the Democratic party or even by a small coterie within that party. In the great work of carrying this Congress we all have an important part. It is the work of everyone. No man can deprive us of it and no one of us can avoid the responsibility.

You have an opportunity and duty to send to Congress to represent your really great district a typical 100 per cent. American who will rank with the ablest men in that body and who will stand for the three great Republican principles:

First, win the war now; second, for a peace with victory and never a peace by compromise bargaining of principles, interests and honor; third, for a sane preparation now for the great problems of reconstruction.

All this Montaville Flowers will do, and with his great ability and loyal heart he will bring to the Congress in these trying times ahead that quality of service which will add to the credit of your district and the glory of your nation.

Voters of the Ninth California District, elect Montaville Flowers.

[Signed] WILL H. HAYS.

ALHAMBRA DEMANDS RANDALL'S DEFEAT.

The following telegram, signed by more than 200 representative citizens of Alhambra, heretofore considered a Randall stronghold, was dispatched last night to President Wilson:

ALHAMBRA (Cal.) Oct. 30, 1918.

President Woodrow Wilson, Washington, D. C.:

What reason is there that Charles H. Randall should be returned to Congress from this district? Mr. Randall is a pacifist and his war record is one of which we feel ashamed. He voted against all preparedness measures you asked for. He voted against the declaration of war and against conscription. In doing so he shamefully misrepresented this district. We consider his war record worse than Mr. Slayden's, whose re-election you opposed. Why, then, should he be returned? The people of this district are loyal and patriotic. The fathers and mothers have sent their sons to France to shed their blood and give their lives for the cause of world democracy and they are for peace by unconditional surrender. They want no pacifist at the peace table, but a red-blooded, loyal, patriotic American.

After having given our boys and gone over the top in every war activity, we feel that you ought to tell us why we should support a pacifist Congressman with a disloyal and unpatriotic war record.

[Signed] ALHAMBRA CITIZENS' COMMITTEE.

FLOWERS VERSUS RANDALL.

Montaville Flowers is opposing the re-election of Charles H. Randall, Prohibitionist, who also received the Democratic nomination. Randall is the ultra-pacifist who voted against the declaration of war, the selective draft bill and five of President Wilson's preparedness measures.

If a majority of Congress had been of Randall's type, what would be the position today of America in the world war? The voters of the district are well able to answer this question.

SOUTHERN CALIFORNIA MUSIC COMPANY
332-334 SOUTH BROADWAY, LOS ANGELES.
ESTABLISHED 1880

If you were told that you could learn to play the Saxophone in less than 60 days, would it sound impossible?

It Is a Fact

You can learn to play the Saxophone—the most popular of all instruments—within sixty days, and if you read music it will require even less time.

The True-Tone Saxophone Is an Instrument of Unlimited Possibilities

The mellow, easy flowing notes of the Saxophone are especially attractive to all. With piano accompaniment for dances, parties and evenings at home, for quartet or sextet, the Saxophone holds a place that can be taken by no other instrument.

Parents who have the best interests of their children at heart should investigate the possibilities of this instrument. As an aid to deep breathing and its consequent improvement in the player's health, the saxophone is especially recommended.

We Will Teach You the Scale in 30 Minutes.

YOUNG A JOKE REPUBLICAN.

Lieutenant-Governorship Candidate Has Small Chance—News of Politics.

BY THE WATCHMAN.

Of all the anomalies in politics, C. C. Young on a Republican ticket is about the worst. He has become the candidate for Lieutenant-Governor, and no properly advised Republican in California will vote for him.

Mr. Young, who hails from esthetic, not to say eccentric, Berkeley, has been directly responsible for more vicious legislation now on the statute books of California than any other lawmaker who ever fooled his constituents. From the time he was elected to the Assembly, and later elected Speaker of the House, Young has opposed every sane measure for the upbuilding of the State and the preservation of the integrity of the Republican party.

Mr. Young frothed at the mouth when Republicans called upon him in Sacramento, and would pay no attention to their appeals that he stop trying to wreck the party. He wrote into the present direct primary law all the infamous provisions that have balled up California politics and made this State the laughingstock of the nation. He is the gentleman who tried to foist upon the people the no-party law that was finally beaten by referendum three years ago.

Every time the application of common sense was needed, C. C. Young was looking out of the window. He isn't any more entitled to Republican votes than is Randall. In seeking Republican votes he attempts to get something under false pretenses.

If sanity prevails at the election next Tuesday this upstart freak from Berkeley will be allowed to remain at home, where his iniquitous influence won't do any harm to legislation in the coming session at Sacramento.

Indorsed by Standpatters.

Gov. Stephens has received enthusiastic indorsement from many regular Republicans, among them being Frank P. Flint, former United States Senator, and Judge Walter Bordwell, who was a candidate for the Republican nomination for Governor last summer. Yesterday former Judge Bordwell made the following statement:

"Gov. Stephens is the regularly nominated candidate of the Republican party of this State to succeed himself. The citizens must choose between him and his competitor, a Democrat who has been nominated by petition. After the primary election on August 27 last, I declared myself in favor of Gov. Stephens's candidacy. I reiterate that declaration and say, without qualification, that it is my belief that Gov. Stephens ought to be elected. The welfare of the State and of the nation at large requires this, and it is my earnest hope that he will win at next Tuesday's election by an overwhelming majority."

Former Senator Flint, who is a member of the commission charged with administering the State Land Settlement Act, says the public does not realize the importance of that undertaking. "In my judgment," said the former Senator yesterday, "it is the most constructive legislation which has been enacted in California in recent years, and a large measure of the credit for it belongs to Gov. Stephens. He co-operated in determining the scope and purpose of the measure and has given the project his heartiest support from its inception."

Bell Would Clean House.

"I am going to give California a good housecleaning. Not only am I going to clean house, but also do some pruning in the orchards of the State."

This is the promise made yesterday by Theodore A. Bell, independent candidate for Governor, who arrived in Los Angeles to wind up his campaign. Most of the time since he became a candidate he has been laid up with the "flu," but yesterday he appeared fit for a long battle.

Today Mr. Bell will motor to San Diego, passing through Norwalk, Downey, Fullerton, Anaheim, Santa Ana and Oceanside. He will return on the early morning train and on Friday will visit the foothill cities, Pomona and Ontario, and wind up at Riverside, Redlands and San Bernardino.

Saturday and Sunday the candidate will spend in Los Angeles and near-by cities, including the beach towns. He will return to San Bernardino on Sunday night.

"Let me warn the people against the growing tendency toward paternalism in our State government," said Mr. Bell upon arrival yesterday. "If I am elected Governor we shall introduce simplicity into our State government. I can and will reduce the burden of taxation. Give me a chance to carry out these pledges and the people will have no occasion to regret the faith they have placed in me."

POWER PLANT READY SOON.

Apparatus for Use at Base of Haiwee Reservoir Arrives from East.

Water wheels and electrical apparatus for the new hydro-electric power plant under construction at the base of the Haiwee Reservoir, on the Los Angeles aqueduct, 200 miles north of this city, have arrived from the East, and the steel penstock is being built here in sections, in which shape it will be forwarded. The foundations for the power-house are about completed.

Difficulty has been experienced in securing steady labor, but the indications now are that the new plant will be ready for operation about the first of the coming year, it was stated yesterday.

Women Praise Lennon.

Women of affairs have leagued together to serve in the campaign for the election of Judge Thomas J. Lennon, candidate for Associate Justice of the Supreme Court. These women have a discriminating knowledge of matters affecting the general good of the public. They are concerned quite as seriously with the construction of laws as with their enactment. They have followed closely the career of Judge Lennon as a determined advocate of a simplified legal procedure which will clear the courts of their vexatious and expensive delays. These women's clubs are numerous and their influence at the polls will be strong and effective.

Tribute to H. J. Stevens.

Highest tribute to the qualifications of Henry J. Stevens, candidate for judge of the Superior Court, is paid by United States District Judge Trippet, who in writing Mr. O'Melveny regarding the candidacy of Mr. Stevens says:

"I have known Mr. Stevens since he was a mere boy. I have always regarded him as having an unusual mind and being unusually well learned in the law. As an opponent in a lawsuit, I always felt that it required extraordinary effort on my part to combat his reasoning and ability. I always found him exceedingly fair, open-minded and ready to do and advise his client to do what was right.

"My opinion of him is that he would make a most excellent judge of the Superior Court, and if there is anything I can do to secure his election, let me know and I shall be glad to assist."

Relies Upon Record.

Friends of Superior Judge L. H. Valentine are making an intensive campaign in his behalf, pointing to his record in office as the best possible argument in favor of his being elected to succeed himself. Judge Valentine was appointed to the bench by Gov. Stephens in August, 1917. Prior to that time he had served with distinction as a members of the Los Angeles Board of Public Service Commissioners and from 1897 to 1901 was a member of the State Legislature, being chairman of the Ways and Means Committee of the Assembly. His reputation as a legislator gained him such prominence that in 1901 President McKinley appointed him United States Attorney for Southern California. He was reappointed by President Roosevelt and served throughout the latter's administration.

Indorsed by Women.

Among prominent clubwomen indorsing the candidacy of Judge Frederick W. Houser for re-election to the Superior Court bench, which position he has held for twelve years, are Mrs. Charles H. Ashcroft, Mrs. Chester Ashley, Mrs. F. T. Bicknell, Mrs. E. R. Brainerd, Mrs. O. P. Clark, Mrs. Rose Bryant, Mrs. Mae Creveling, Mrs. Herman Darling, Mrs. Clara Shortridge Foltz, Miss Mary Foy, Mrs. F. A. H. Fysh, Mrs. I. W. Gleason, Mrs. Clarence Van Graham, Mrs. Hester T. Griffith, Mrs. M. E. Jenkins, Mrs. William C. Mushet, Mrs. Harriet Myers, Mrs. I. Myers, Dr. Jessie Russell, Mrs. R. J. Waters and Mrs. G. M. Vermilyea.

MINISTERS FAVOR THE SUNDAY LAW.

COMMITTEE REPRESENTING ALL DENOMINATIONS ISSUES PUBLIC STATEMENT.

The union ministerial meeting, composed of the ministers representing all denominations in Los Angeles, has appointed a special committee to work in behalf of the Sunday closing ordinance which appears on the ballot among the municipal propositions as No. 10-A. On the committee are Dr. Charles Edward Locke, chairman, Dr. W. S. Dysinger, pastor of the First Evangelical Lutheran Church, Dr. E. E. Daugherty, pastor of the First Christian Church, and Revs. A. J. Lusk and C. A. Stevens. The following is a statement issued by this committee yesterday:

"The cities of the Union which have a sensible Sunday law find no difficulty in its enforcement. Of course it must be a law which does not impose embarrassment upon any who wish to worship God according to the dictates of their own conscience; but a rest day one day in seven is a physical and moral necessity, and as such the people of Los Angeles are entitled to it:

"Liberty days which are days of surcease and rest from military duties are regarded as positively necessary to our boys in the training camps, and the first day of the week is set apart as a rest day for all of the soldiers except those who must be on guard duty.

"If a Sunday rest is necessary for the men in the army and the navy it is equally a necessity for those in the home-line trenches who are engaged in industrial and mercantile and mechanical and professional pursuits of all kinds, and are furnishing the sinews of war to our brave fighters at the front.

"Because of the absence of a wholesome Sunday law in Los Angeles for years many people have been compelled to work to humor a few people who in claiming what they call their own rights are quite willing to trespass upon the rights of many others of their fellow-men and women.

"A vast number of our fellow-citizens, including the army of retail clerks, and the grocers, and butchers, and bakers and barbers, are asking us to give them the privilege of a liberty Sunday, to do with it just what all other citizens claim the right to do with the Sunday—to rest, or worship, or recreate, or perform deeds of mercy.

"These worthy fellow-citizens petitioned the City Council to pass such an ordinance and the Council is now asking the people to indicate at the coming election whether they want such an ordinance.

"The Council is now ready to pass an ordinance which shall be divested of objectional features, and not the former ill-advised ordinance against which there were many justifiable criticisms.

"Not by any stretch of the imagination can this be denounced as freak legislation—it is simply fair play.

"Here is a great throng of our honored fellow-citizens who are beseeching us for our co-operation, that they may have the privilege of the Sunday in common with the rest of the people of the city.

"We are reliably informed that 95 per cent. of the merchants on South Main street, including many Jews, have signed a petition agreeing to close on Sunday and asking for such an ordinance, and the same percentage prevails among retail merchants throughout the city.

"There certainly is wisdom enough among us to draft a Sunday law that will avoid all fanaticism and be a practical advantage to all of our people. All other cities in the Union can successfully operate such a law, and if we cannot originate anything better, why not duplicate such laws as are in satisfactory operation in Pittsburgh, or Detroit, or Minneapolis, or Buffalo?

"Such a sensible ordinance would affect only unessential lines of business. It would not close drug stores for the sale of medicinal supplies, and it would work no hardships on any, but, on the contrary, would give a day of rest to a large number of our fellow-citizens who are justly entitled to one day's weekly respite.

"Why not as patriots, now when the President is giving the soldier a liberty day on the first day of the week, all unite in making that the liberty and rest day for all citizens in Los Angeles. For moral and economic and patriotic and humane reasons we should vote "Yes" on No. 10A at the election on November 5."

SUSIE IS "SENT UP."

Tomboy Extraordinary Says, "I Should Worry," as She Hears Self Sentenced.

Susie Hartman, tomboy extraordinary, whose propensity to wear masculine clothes, and whose desire to emulate "Raffles" has made her a familiar figure in the local courts, had her career temporarily terminated yesterday, when Superior Judge Willis revoked her probation and sentenced her to an indeterminate period in San Quentin of from one to five years.

Susie first came into police prominence last year, when she was arrested on charges of entering the residence of Dr. L. G. Spring, No. 1237 East Forty-first. She was later given probation. Last month she was arrested while in the act of ransacking a Chinese rooming-house on North Main street.

When brought before Judge Willis yesterday, Susie still wore the flashy male garments in which she was arrested, and as the judge passed sentence on her she remarked nonchalantly: "I should worry."

DEMOCRATS IN A WORDY WAR.

All Dressed up and No One for Governor.

Some Strike at Bell, Others Rap Stephens.

Former Congressman's War Record Assailed.

The State primary law having deprived them of a simon-pure Democrat for Governor, the Unterrified Sons of Democracy in California are following tradition by dividing themselves upon the gubernatorial candidates that are left.

Dr. R. W. Hill, for many years a leading Democrat, is out with a stirring statement which accuses Gov. Stephens of being anti-war. He voted against the McLemore resolution when in Congress, says Dr. Hill, and as that was the now famous "acid test" upon which President Wilson helped to defeat many another Congressman who voted similarly, Dr. Hill concludes that the present Governor isn't entitled to the support of real patriots.

"Gov. Stephens was one of the so-called wilful Congressmen who tried to hamstring the President at the time of the submarine controversies with Germany," says the Hill indictment. "At the time the McLemore resolution was introduced, the President was burdened with many grave international problems, and Congressman Stephens never lost an opportunity to lay on the burden. If Candidate Stephens has changed from Congressman Stephens, it is for campaign purposes only."

On top of this comes a stem-winding attack from other Democrats against Theodore A. Bell, the independent candidate.

"An effort has been made by some members of the Democratic State Central Committee to give to Mr. Bell, an independent candidate for Governor, the status and character of a Democratic candidate," says the statement. "We cannot see the attempt made to place Mr. Bell at the head of the Democratic party in this State without protest."

The protesting Democrats thereupon proceed to find Mr. Bell out of tune with the Wilson administration because, they assert, he said things against Mr. Wilson in his first campaign. And they won't like it a little bit if he is elected. So there! The statement is signed by David E. Fulwider, Emmet H. Wilson, Mattison B. Jones, Albert Lee Stephens, W. L. Jarrott, W. A. Vandegrift, A. J. Condee, T. E. Gibbon, J. A. Anderson, Nathan Newby, John B. Brokaw, H. H. Cotton, Martin Bekins, William Read and Katherine M. Bekins.

APPEAL COURT'S NEED SET FORTH BY JURIST.

LOS ANGELES AND SAN FRANCISCO DISTRICTS REQUIRE THREE MORE JUDGES.

By Justice William P. James,
Member District Court of Appeal.

Senate Constitutional Amendment No. 45, providing for the addition to the district courts of appeal of three judges each in the Los Angeles and San Francisco districts, should be adopted. It is strictly a "public interest" measure. There have been no increases made in the force of appellate judges for more than thirteen years, during which time the volume of appellate litigation has increased more than 100 per cent.

In the Superior or trial courts during the same period the number of judges has been increased from ninety to 119. Upon a total of sixteen judges, Supreme and District, is placed the burden of handling all appeals from the 119 trial courts. As a consequence, the litigant who appeals his case to the Supreme Court must wait nearly, if not quite, three years for a decision. Justice so delayed often destroys its own fruits.

This condition, onerous as it is to the public, which comes to the appellate courts for adjustment of its differences, is one which the appellate judges are powerless to remedy. The sixteen judges can do only the work of sixteen men, not twice that quantity. No headway is being made against the load of deferred appeals, and none can be hoped for without additional assistance being furnished for the appellate benches.

Properly and fairly considered, the amendment referred to is one in the interest of economy—a vitally necessary measure, and should receive the unanimous support of the electors. Amendment No. 45 will appear on the official November ballot as No. 9 of the propositions to be voted on.

SAVE YOUR HOME AND YOUR LITTLE PIECE OF LAND!

Vote No ON AMENDMENT No. 19

THE INIQUITOUS SINGLE TAX

It is a theory by which it is proposed to increase taxes upon land until its selling value is destroyed.
Under its application no one would be able to hold unimproved land, or poorly improved land.
The man or woman owning a small home or a little piece of land would not be able to hold it. It would be confiscated.
Construction of buildings and all improvements of land would immediately be stopped, because if the value were to be taken away from the land no one could afford to put improvements thereon.
All security for loans upon land would be destroyed, and any loan would become a second mortgage, because the State would have a first mortgage upon the land and all improvements thereon, as security for the payment of excessive taxes.
The flow of capital, both local and from outside sources would cease in any State voting to apply the single tax theory to government, and all industry and commercial activity would stop. There would be no work for the laboring people, the mechanics, the artisans and the common laborers.
The great oil-producing industry of California would be killed at once, and stock in oil-producing companies would be made worthless.
The great State institutions, including the public schools, would be jeopardized by the single tax in California.

Good fabrics are "good business"

HERE'S one thing you mustn't lose sight of if you want clothes that last and save—get good fabrics. Prices are higher; and in many clothes, fabric-quality is lower. Ours isn't.

We make all-wool clothes as always; we guarantee your satisfaction with fabric, style, wear, tailoring, dye—as we always have. You pay more for such clothes but they're worth it.

LET'S NOT LOSE OUR GRIP.

The official figures on influenza, made public daily by the health office, indicate that Los Angeles is getting the situation in hand. There is every reason to expect a further improvement, according to both city and county health commissioners. The latter is making arrangements for the reopening of the county schools next week.

An important phase of the situation is the proper maintenance of business, the life-blood of the community. Los Angeles cannot hibernate in a cave of fear without causing grave hardships to its army of wage-earners. There is absolutely no reason why every person whose livelihood does not depend upon the gathering of large crowds should not go about his daily business exactly as usual. The simple precautions against infection advised by the health office in no way interferes with this—in fact, Health Commissioner Powers strongly urges that mistaken fear be not allowed to do so. The large downtown business and mercantile establishments have taken the most rigid precautions to safeguard the health of patrons and employees and may be visited without the smallest misgivings. To withdraw into our several shells and put off ordinary business transactions "until the 'flu is over" is a capital mistake. It works a hardship on yourself and on the community, dependent upon the aggregate of such transactions to keep going.

Let us not relax our vigilance in the observance of the simple and efficacious health measures prescribed by recognized experts, but at the same time let us maintain the cheerful confidence that is in itself the best guard against ill health. Compared with other cities of the same size in the East, the epidemic is hardly to be dignified by such a name.

KEEP COOL AND BE CAREFUL.

'FLU CLAPS THE LID ON VENICE.

Saloons, Theaters and Dance Halls Ordered Closed.

More Stringent Measures for this City Planned.

Number of New Cases Shows Slight Increase Here.

The local office of the State Board of Health, which controls all of Southern California, issued an order last night closing all saloons, theaters, dance halls, cafes where there is entertainment or liquor is sold, and places where people congregate in the city of Venice. The order, issued as an influenza precaution measure, became effective at once, and the Venice Chief of Police was so notified. The saloons were the only places, it was said, running wide open, cafe owners having voluntarily decided to remain closed for a few days longer. This is the first official ban placed on gatherings at the beach city because of influenza.

More stringent measures in Los Angeles may be taken today at a meeting of the advisory committee of the health department, to enforce to the letter the restrictions and precautions advocated by the City Health Commissioner to prevent the spread of influenza. Reports that came to the office of Dr. L. M. Powers, Health Commissioner, yesterday, indicated that many of the precautions advised, and even the State law relating to the sterilization of glasses at public soda fountains, restaurants and similar places, have not been lived up to in a proper spirit.

Inspectors for the Health Commissioner are working hard to enforce the existing laws, and Dr. Powers asks that a more co-operative spirit be shown by the public in informing his office of any infractions.

TO STERILIZE GLASSES.

The first indication of this attitude of the city health authorities came yesterday, with the arrest and the trial before Police Judge Richardson, of N. Yenda, a Japanese, owner of a soda fountain at No. 531 West Seventh street, on a charge of violating the State law relating to the sterilization of glasses used by the public. The man was fined $30, but the fine was suspended on condition that he hereafter comply with the law.

This sentence was meant as an indication, it was said, of what will happen in the future. Complaint was made that some places where liquor is sold with meals are operating "camouflage" sterilization pans, and that in reality the glasses are seldom even washed with cold water. A round-up of these places will be made today by inspectors of the health department, and arrests are expected to follow.

To combat influenza the United States Public Health Service, through Dr. Charles J. McDevitt, named three physicians to aid the city health authorities here. Dr. J. B. Kennedy of Ocean Park reported for duty at the Yale-Street Hospital for influenza cases, and Dr. F. N. Staples of No. 626 East Fifty-second place and Dr. W. E. King of No. 1289 West Adams street will attend to cases at homes.

Dr. W. H. Kellogg, secretary of the State Board of Health, has issued a notice to owners of cafes, soda fountains, and similar places, outlining methods of sterilization of glasses as approved by the State. This can be had at the office of the State Board of Health or of the City Health Commissioner.

At the meeting tomorrow of the advisory committee several questions of importance will be considered. Col. A. G. Clarke of Fort MacArthur has requested permission to assemble a considerable number of draft men already inducted into the service, but not actually called.

SLIGHT INCREASE HERE.

Figures compiled yesterday at the office of the Health Commissioner showed a slight increase in the number of new cases of influenza here, but not more than the ordinary day-to-day average. The influenza cases reported numbered 1088, and pneumonia with influenza, sixty, making a total of 1148. There were twenty-six deaths from influenza, twenty-two from pneumonia, with influenza, and five from pneumonia.

Chief Eley of the fire department yesterday placed a quarantine on all fire stations in the city, prohibiting persons from visiting the stations. He did this because of eighty cases of influenza among the firemen.

M. E. Haggerty, chief clerk of the district exemption board, was taken down with influenza yesterday, but he is reported to have a mild case.

Deputy District Attorney Hogan, who had been trying Salvina Lavarini on the charge of having killed Theofran Selanus while en route to Wilmington in a taxicab on June 5 last, is said to be seriously ill with influenza. Deputy District Attorney Fricke assumed charge of the case for the State.

Nurses, or public-spirited women who can devote some of their time, as well as physicians, are greatly needed at the military camp at the State Normal School, according to Col. B. B. Ray, who made an investigation of influenza conditions there yesterday. He found fifty-six cases, the worst of which were removed to the army hospital on North Broadway. These men are preparing for service in the army, but are not yet under direct army care. The Red Cross and other organizations have done all they can to aid, but there is still need of assistance.

COUNCIL DECIDES ON A "CLEAN-UP DAY."

ADOPTS RESOLUTIONS DECLARING THAT CLEANLINESS WILL HELP ROUT INFLUENZA.

Los Angeles is to have a clean-up day, as an aid in ridding the city of influenza. The following resolution, which was introduced by Councilman Olsen, was adopted yesterday by the City Council:

"Whereas, there is now prevailing in this city an epidemic of influenza and the city by resolution has authorized all places of public amusement to be closed until such time as the Health Commissioner shall advise the Council that the epidemic has passed, and

"Whereas, the doorways of many buildings in this city are not kept in a sanitary condition, and people congregating in front of said doorways expectorate on the sidewalk and in said doorways; and this filth is removed either by the wind or pedestrians to the gutters and there allowed to remain, endangering the lives of our citizens; and,

"Whereas, there are other places in this city which should receive the attention of the authorities so that the city may have what is generally called a 'clean-up day;' now, therefore be it

"Resolved, that the Health and Sanitation Committee devise ways and means whereby steps may be taken to have said doorways, sidewalks and gutters cleaned and flushed and also to set aside a certain day to be known as 'clean-up day," when owners of properties shall remove all refuse and clean their property, so that the epidemic may be brought to speedy conclusion, and it is

"Resolved, that the Fire Department, the Police Department, and the Board of Public Works and the Health Commission of this city render such assistance through their respective departments as will aid the Health and Sanitation Committee in making a general clean-up of the city."

SEEKS COMMISSION.

Albert C. Norton, an attorney, will leave Los Angeles tomorrow for Camp Zachary Taylor, where he will enter the officers' school and study for a commission.

WELFARE WORK IMPROVES ARMY

Pershing Says Adds Tenth to its Efficiency.

Asks 100 Per Cent. Support for Seven Societies.

Honor Plan Instructions Go to Eighteen Teams.

The work of the seven welfare organizations has added over 10 per cent. to the efficiency of the American army, is the message of Gen. Pershing to the American people, urging them to give 100 per cent. support to the united war work campaign.

"The success of this campaign will express to the boys over there the real heart interest of the people at home in their personal welfare," was the announcement yesterday of Chairman H. M. Haldeman.

"In the leisure moments the morale of our boys, the real backbone of the fighting army, is formed. Gen. Pershing refers to the work of the secretaries of the Y.M.C.A., the K. of C., the Salvation Army and the other welfare organizations who are building up this American morale by giving the boys healthy clean entertainment, the material for engaging in baseball, football, and other American sports; cheery words of comfort and home attention; and hot cups of coffee and cocoa when they arrive tired from duty in the front lines. This work is being done by no other organizations that are today allied with the fighting boys in France. Each of these seven organizations has a most important place to fill behind the firing line. It is up to you, Mr. Citizen, by your response to the united war work campaign, to determine right now whether this morale is to be kept up to 100 per cent. American or not."

Full instructions regarding the three-day honor plan of the campaign, which will start on November 9, were mailed yesterday to every member of the eighteen competitive teams which are handling all the industrial organizations and firms, securing the donations from the employer as well as the employee, and from corporations also. Each team will open headquarters for the first three days of the campaign, so that the employer and employees can take advantage of the three honor days and make voluntary subscriptions, thus having their names put on the voluntary honor roll.

The precinct organization includes over 9000 workers, covering every precinct in the city and county. Honor rolls will be placed in every precinct in the city and county. Honor rolls will be placed in every precinct headquarters for enrolling the name of every person who subscribes on the honor days.

Tallman M. Trask, in charge of the victory boys' division, announces that hundreds of boys are already enrolling in this victory class, and pledging themselves to earn and give $5 to the united war work campaign for the benefit of their big brothers in France.

CALLED EMERGENCY.

Federal Board Authorizes Overtime Work in Oil Fields During Continuance of Influenza Scare.

Announcement was issued yesterday by the Federal Oil Inspection Board to all companies and individuals concerned that the influenza epidemic will be considered an emergency under the board's rulings, and where men are not available to replace those affected, employees will co-operate with companies by working additional hours required, and will be compensated therefor on a pro rata basis of the day's wage.

This compensation will continue only during the progress of the epidemic and will obviate an unusual accumulation of overtime, which would ordinarily be compensated for by granting time off with pay.

The board is composed of L. P. St. Clair, W. F. Byrne, and G. M. Swindell and has authority from the Department of Labor to handle all labor questions arising in the California oil fields and pipe lines leading therefrom.

FOR NATION'S WARDS.

Government Decides to Build Sacatone Dam Itself, so Indians May Reclaim Much Land.

That the dam proposed across the Gila River, to be known as the Sacatone dam, which will be used for the irrigation of thousands of acres of desert land in the vicinity of Casa Grande, will be built by the government, at a cost in the neighborhood of a quarter of a million dollars, was decided yesterday. Tenders for bids for the construction of the improvement by private contract were recently made, but there were no offers.

W. M. Reed, chief engineer of the Indian Bureau, at Washington, will be here within a few days to confer with H. V. Clotts, supervising engineer, in regard to the work, it was stated yesterday.

The Sacatone dam is designed to relieve any possibility of a water shortage among the Pima Indians. They have heretofore depended on wells and they become dry in a portion of the season. A constant and never-failing supply of water, it is believed, will add to the agricultural operations of the wards of the nation.

MATSON GETS TITLE AFTER WAITING LONG.

Clarence E. Matson, who has been acting traffic manager for the Los Angeles Harbor, was appointed permanently to this position by the Harbor Commission yesterday. The position carries a salary of $350 per month. Mr. Matson took the civil service examination about two months ago, at which time there were fifteen persons examined. He was certified by the Civil Service Commission as the high man.

Bad for Hold-Ups

WITH THE DECLINE of the jitney, the hold-up business, once so thriving in this city, witnessed a material falling off. Just what proportion of the hold-ups—which, singularly enough, developed to alarming proportions during the height of the jitney vogue—may be traced directly to the menace of this irresponsible form of passenger transportation at night, perhaps never will be known; but it is significant that since the elimination of the majority of these unilluminated automobiles, the police reports show a reduction of at least 20 per cent. in crime of this class.

Prior to the adoption of the none too rigid jitney regulations hardly a night went by without a report of a hold-up or other crime directly or indirectly traceable to the unlighted jitney automobile.

Perhaps the noticeable decrease in crimes of this class since the reduction of the number of jitneys permitted to roam the streets at night may be nothing more than a coincidence, just as the decrease in similar crimes following the annihilation of the menace of the race-track gang a few years ago may have been nothing but a coincidence; but it will be hard to convince the average thinking man that this is so.—Southern California Trolley, November, 1917.

If you think it wise to take a chance with thugs and highwaymen again, for an indefinite period, bring the jitney back for this sort of night work.

If you prefer comparative safety from such vicious elements, VOTE NO on Proposition No. 12-A next Tuesday.

Keep the Home Baking Safeguarded.

Housekeepers who have always used Royal Baking Powder with utmost satisfaction are sometimes importuned by canvassers to try other baking powders because they are cheaper or under the false pretense that they have been especially selected for Government use.

The Government is now using Royal Baking Powder and has used it continuously for forty years.

Be on your guard against cheap baking powders as they invariably contain alum which is derived from mineral sources.

The label on the can will show whether the baking powder you now use, or any brand new or old that may be offered, contains alum.

Royal Baking Powder is made from cream of tartar which is derived from grapes. It contains no alum, leaves no bitter taste and is absolutely pure.

"We always use Royal Baking Powder because we *know* when we use it we are not using anything injurious."—[From an unsolicited letter. Name of writer given on request.]

Royal Baking Powder Co., New York

To the Public:—

The following news item appeared in The Morning Oregonian of Saturday, October 26: "George Albers, the newly elected president of the Albers Bros. Milling Co., issued a formal statement as follows:

"The action of our board of directors in accepting the resignation of my brother, J. Henry Albers, as president and as a director of our company, was at his own voluntary request. While the members of the board trust and believe that he will be exonerated, it was considered that until acquitted and vindicated by the court, he ought not to occupy the office of president of a business corporation, consisting of some 70 different stockholders, which has large financial interests extending through the Pacific States and which has much to do with the preparation and sale of food products.

"At the same time, I want to avail myself of this opportunity to explain to the public that our company and every officer and stockholder of it is strongly and unequivocally American and is and always has been loyal and patriotic. As I have already said, we have some 70 different stockholders in our corporation, most of them born in the United States. We have over 1000 employes. I and my three brothers, although the largest individual stockholders, are by no means the corporation.

"While the brothers were all born in the kingdom of Hanover at about the period that it was seized and taken over by Prussia, we came here when we were young men and here we began our business career and here we have lived for more than 25 years. Our father came also, but died in Portland soon after his arrival. None of us was ever trained in the German military service and none of us has any admiration for the German autocratic government or its methods.

"We have no near relatives in Germany, have no property or business there, and have no affiliations with the people of that country. After coming here we were all naturalized as soon as this could be done, and here three of us married native-born American girls. Our children were born and brought up here and are being educated entirely in American schools.

"It is here we have built our business from small beginnings by steady attention and hard work. We would be more than ungrateful—indeed, we would be fools—if we did not appreciate the institutions of the country of our choice, where we have enjoyed so many blessings.

"I am led to say this for publication because I have heard that some persons imagined that because we were born in Germany we are pro-German in this war. This is unjust. Let me say that we have always responded to the calls for money for the Red Cross and other patriotic organizations. We have all taken our share of the various issues of liberty bonds, and in every way have supported the Government. We have worked in harmony with the Food Administration and have cheerfully conformed to all of the Government's regulations of our business, and our goods have been purchased by the Government for the use of our boys at the front. We take no credit to ourselves for these things, for they are what all American citizens should do and are in accordance with our most cherished sentiments of love of home and country. We have no divided allegiance. There is but one flag for us and our families. We glory in the success of our American boys under the Stars and Stripes, and are for the United States and her allies in war and in peace.

Of course, I cannot discuss here the charge against our older brother, Henry. But I will say this, that I hope the public will suspend its judgment and give him the benefit of the presumption every man is entitled to until he is tried.

It may be of interest to the public, however, to add that Henry has not been particularly active in the conduct of the company's affairs for several years past, and although he had not actually retired from business, his duties as president did not require his attention to the details of the business, so that his wihtdrawal will not seriously affect the concern.

SHINE ON.
Don't worry. There will be toys for Christmas and Santa Claus will be on the job as usual. Nothing can quite kill the holiday spirit and we may all be cheering by that time.

SORELY TRIED.
The Kaiser is reported to have said that he "would not abandon his sorely tried people." If his sorely tried people would abandon him they wouldn't be so sorely tried.

AMUSEMENT NOTE.
The German General Staff serves notice that, under no circumstances, must the enemy be permitted to cross the Meuse. The careless American scrappers are going to do that very thing just to A-Meuse themselves.

RECORDS WANTED.
Are you digging out your slacker talking machine records for the soldiers and sailors? Ask a soldier from France or in camp at home how often he gets music-hungry. Good music, lively music—that's what he wants. Share your records with your soldiers.

MUCH IN NEED.
German Vice-Chancellor Von Payer says that "honesty is now our greatest need." The Lord knows the Germans need a whole lot, but if they had been endowed with honor and honesty in the first place they doubtless would not have been in their present plight. There would have been no war.

NAMING THE PARTY.
There are many more women than men voters in California, but when it comes to telling what party they belong to they are more reluctant than the men. Maybe they haven't any, or haven't had a chance. As a naive south side grass widow said when asked what party she belonged to: "I don't know the gentleman's name, but he works for the gas company."

JUST GIRL AFTER ALL!
She wore khaki pants, flannel shirt, and a cap, with a pencil behind her ear; had a business-like looking leather money pouch swung from a strap over her shoulder, and looked like a war-time laundry wagon driver or collector. Yet, in passing a street mirror she pulled a chamois rag out of her pants pocket, gave her nose a few dabs, and straightened her cap. La femme eternelle!

OLD MAN OF THE SEA.
It is announced that the Kaiser has expressed his willingness to become the hereditary president of a German republic. All of which shows how little the Prussian autocratic mind values the use of words. When one man can calmly appoint himself perpetual president or dictate his son as successor the use of the word republic is impossible. William clings to his tinsel with all the tenacity of a porous plaster.

TAKE THAT, KAISER!
The dictionary says, "Armistice: A temporary cessation, by mutual agreement, of hostilities by two armies in the field, or by nations at war; a truce." Germany wants an armistice, she says; that is, a temporary peace. Note the word, temporary. This is a war to stop war, finally and forever. An armistice is a breathing spell for your opponent. Therefore, no armistice you'll get, Kaiser Bill; nothing but unconditional surrender for yours, as Gen. U. S. Grant would say, were he on the job.

STOP FUSSING.
A committee of business and professional men which has been in charge of the handling of influenza conditions at Des Moines, Iowa, unanimously recommended that the citizens of that city use common sense and a calm attitude of mind in conquering fear of infection. "Fear is the first thing to be overcome, the first step in conquering this epidemic," said Dr. W. C. Witte, M.D., Des Moines city sanitarian, chairman of the committee.

Thus slowly move on the wheels of intellectual progress; slowly but surely does man shake himself free of his worst enemy—fear.

BOTH HANDS GONE.
"We won't come back till it's over over there" sing the American soldiers. And well they might sing it, for they see the Hun in all his horror. An Italian soldier came to town this week, both hands shot off, one by Austrian machine gun fire, the other by an Austrian poison bomb which wrecked an American Red Cross hospital where he had been taken. About the only English words he can say are "Uncle Sam" and a happy grin goes with it. Shall we betray this man's, his nation's, our Allies' faith in us by parleying with the men who shot away this man's hands? "And we won't come back till it's over over there."

AUSTRIA-HUNGARY PASSES.
The Austro-Hungarian empire has passed as a distinct entity from the theater of action to the pages of history. The government of the Hapsburgs exists only on paper; the national treasury is bankrupt, its securities are worthless and the country itself is divided into at least five groups of different peoples, each declaring its autonomy and setting up an independent government. When one reads the pitiful appeal of Count Andrassy to Secretary of State Lansing to please "intervene with the President of the United States in the interest of humanity" to the end that the remnants of the once proud empire of the Hapsburgs may be permitted to enjoy a peace at any price, one recalls the words of Capt. Philip at Santiago, "Don't cheer, men. They're dying."

But four years ago the death of a scion of the Hapsburgs served for a pretext to set the world fighting. Then, "the honor of the Hapsburgs must be vindicated, though the Danube run red to the sea." Now the last of the Hapsburgs is willing to sacrifice honor, country and confederates as well if the torrent of blood be but turned from his path. It was old Franz Joseph who should have said, "After me, the deluge."

Emperor Charles has informed the Hungarian Deputies that they are free to retire from the Austrian Parliament—which now exists only on paper—and form any kind of a separate government they like. Broken forever is the last bond of the once powerful Triple Alliance that jolted Great Britain from its insular position of "splendid isolation" and led to the formation of the Entente which now gives promise of expanding into a league of nations to guarantee the peace of the world. "Austria," said Gladstone shortly after the Triple Alliance was formed, "has been the unflinching foe of freedom of every country in Europe. There is not a spot on the whole map where you can lay your hand and say, 'There Austria did good.'"

It will perhaps be necessary for the Allied conference to notify Emperor Charles that one does not retire from a game such as he has been playing during the last four years without settling the score. "When one plays the royal game of kings," observed Premier Clemenceau recently, "he should remember that it is the loser who pays." Austria has a present outstanding indebtedness of something like $20,000,000,000, without considering war indemnities. Her treasury is bankrupt. Suddenly dividing the empire into half a dozen little nationalities, none of which desires to assume the obligations of the defunct empire, begins to resemble very much the process by which each director of a bankrupt institution places his property in his wife's name.

Plainly one of the first duties of the Allied conference will be to appoint a receiver for the Austro-Hungarian empire. Count Andrassy must be reminded that "humanity" exists outside what was once the domain of the Hapsburgs and that the interests of humanity as a whole might be conserved by holding the titled families who formed the Emperor's court and government directly responsible for the debts incurred. There was a confiscation of the property of all persons of Allied nationality that must be accounted for and Austro-Hungarian securities amounting to several hundred millions dollars are held in Allied and neutral countries. "The interest of humanity" demands that justice must be done to all these, and that the government and the peoples of Austria-Hungary shall redeem its pledges.

Nor must the Hungarian Parliament think that it is going to escape scot-free by renouncing its allegiance to the Hapsburgs. At the time when the star of the Central Powers was at its apogee, the Hungarian press and population were enthusiastic supporters of the bloody policy of the Hapsburgs and Hohenzollerns. Then the prowess of the Austrian legions was theme for song and story. Never a protest came from Hungary when Belgium was violated and Northern France pillaged. For them, victory carried its own disinfectant and its own justification; the rights of little people were nonexistent.

President Wilson has asserted that the rights of all the peoples in Austria will be considered, when a peace settlement finally comes, and that each will be permitted to select its own form of government. But this privilege does not release the constituent parts of the Austrian empire from the reparations of the crimes which they have committed against free government and free peoples. There are responsibilities which an oath of allegiance cannot cancel. Austria-Hungary has ceased to be a going concern, but it has a mass of obligations to be liquidated second only to those of the house of Hohenzollern.

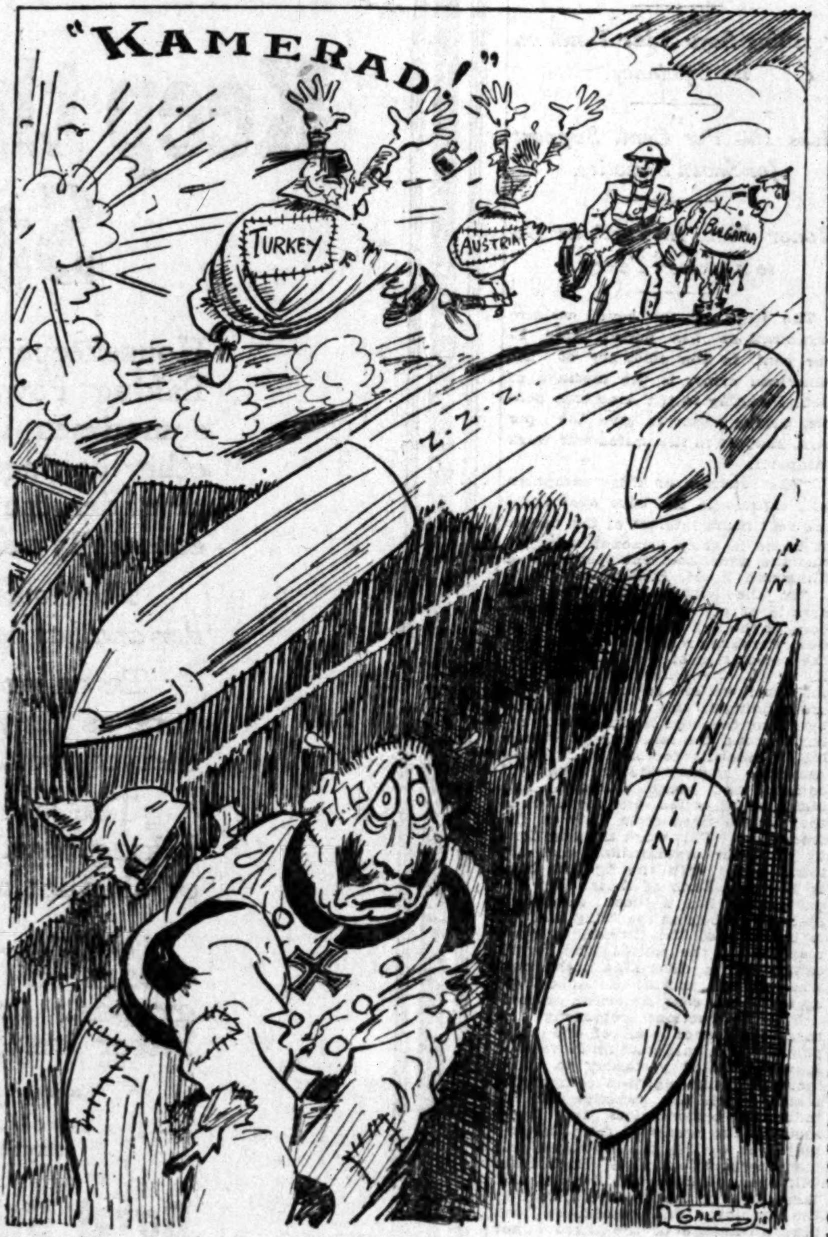
When the questions of reparation and expiation have been satisfactorily settled, then it will be time enough to consider the new map of Central Europe. The Allied governments have already recognized the new Czecho-Slovak republic which is to be formed by uniting Bohemia, Moravia and adjacent territory where Czeho-Slovak populations predominate. Transylvania may go back to Rumania. A new state may be formed of the Jugoslav peoples, carved from a part of Austria and embracing Serbia, Montenegro, with an outlet to the Adriatic. Italy will probably take back the lost provinces of Trentino and Istria. It is possible that some of these lesser states may be formed into a confederation similar to that by which the different states of this country are united. But all that lies within the realms of speculation. Reparation, expiation and indemnities are present facts which the Austro-Hungarian government and its constituent peoples must face before each people is permitted to become the architect of its own fortunes.

These are the days we hear the candidates say to a voter whose assistance he needs at the election: "I really do not want the office, but some of my friends insisted that I make the race. I think I can do something for the people if elected. I favor equal justice to all"—whatever that may mean.

The American troops are assisting British, Italian and French troops in Italy. Where danger threatens the men in khaki are thickest. God grant them the victory.

It is less important that Congress should "be with the administration," than that it should be with the country.

"Ach! Dis iss Getting to Be a Lonesome Place!"



TAFT'S STINGING REBUKE.
Former President William Howard Taft has taken emphatic exception to President Wilson's eleventh hour appeal for Democratic votes. In language that is forceful, he reminds the President that his position, "in grim times like these," should be outside and above all partisan political considerations and that "when the President puts by the scruple of taste in his appeal to the American people for the return of a Democratic Congress, he invites a respectful consideration and discussion by every loyal American citizen of what he says."

Added weight attaches to Mr. Taft's criticism for the reason that it is the first time he has permitted himself to make an adverse comment on the President's actions since the beginning of the war. Mr. Taft holds, however, that the President is making a poor return to the Republicans who have supported so loyally his war policies, supported them when the leaders of his own party were out of harmony with his actions, to appeal to the country to reject all these and replace them with untried and unproved members of his own party.

Many of Mr. Taft's observations are worthy careful consideration. "But for the Republican Congressional support that he has had in this war," says Mr. Taft, "he could not have conducted it to its present status. He charges the Republican leaders with seeking to take the choice of policy and conduct of this war out of his hands by putting it under instrumentalities of their own choosing. THE DIFFICULTY WITH THIS STATEMENT IS THAT IT IS NOT TRUE. The patriotism and usefulness of the Republicans as a minority in winning this war stand out so clearly as compared with that of the Democratic majority, that the Republicans may well go to the people on the issue which the President raises."

For the first time in his public career Mr. Taft has approached the use of a "shorter and uglier word." Nothing less than an attack on the loyalty and patriotism of the Republican party and its leaders could have evoked such a reply; for Mr. Taft has been more restrained in his utterances than any other public man of the present generation. In a statement to the public Chairman Hays of the Republican National Committee says, "Mr. Wilson forced the Republican party to lie down or fight. I say fight!" Mr. Taft's ringing reply marks the opening of the bombardment of the Republican heavy artillery.

Mr. Taft expresses both regret and indignation that the President should have permitted himself to sign a campaign dodger carrying a statement that the election of a Republican Congress would be taken by European peoples to mean that the country was not back of the President in an effort to force the war to a victorious conclusion. He replies by pointing out that the President awakened a suspicion in the minds of those peoples when he was inclined to temporize with Germany over a peace conference that only his last note allayed. Mr. Taft said that the Democratic party has always been regarded by our Allies, and Germany as well, as the peace party, and with good reason, for the Democratic leaders in both Houses were lukewarm on the question of the war. He concludes this rejoinder by observing, "Instead of obstructing the President and our Allies in winning the war and a dictated peace, nothing would so discourage the Germans and hearten our Allies as the return of a Republican Congress."

There is an expression of regret in the press of the country that the President should have made his partisan appeal for Democratic votes at this time. It is plain that when the President asked for an adjournment of partisan politics two months ago, he meant that it should "adjourn subject to the call of the chair."

The Times regrets sincerely that the President should have created a political schism at a time when there are paramount reasons for an adjournment of politics. And The Times feels that the President permitted himself to be influenced by some petty party politicians into taking a step which, under the conditions, is undefensible. The Times believes that if the President were a spectator and not an actor in the present great war drama he would be the first to remonstrate against the injection of party politics into a patriotic campaign. The source of the pressure brought to bear upon the President is revealed by a letter which Secretary Tumulty has sent to the Cuyahoga County Republican Committee at Cleveland, O. Mr. Tumulty says that the letter is written at President Wilson's direction. It is limited to quoting extracts from an address delivered by Col. Roosevelt during the political campaign of 1898. In that address Col. Roosevelt said that "A refusal to sustain the President this year will, in their eyes, be read as a refusal to sustain the war and to sustain the efforts of our peace commission to secure the fruits of war."

The Times holds that the precedent does not apply. Col. Roosevelt was at that time a candidate making a political speech while running for a State office. He had no connection with the Federal administration and his appeal was addressed to the electors of his own State. William McKinley was President of the United States. He had been harassed and heckled by the Democratic minority in a way that interfered seriously with the conduct of the war. The support which the Republican leaders, both in Congress and outside, should have had was notoriously lacking; yet President McKinley had too high a regard for the trust imposed in him by the whole people to take any part whatever in the campaign of that year.

Hard as President Lincoln was beset in 1862, he did not permit himself to make such an appeal as that which has just issued from the White House. Those are the precedents the President should have followed. Mr. Wilson is not a candidate and his war policies are not an issue in the campaign.

It is regrettable indeed that the President should have permitted himself to approve a campaign document which has been referred to in Washington as "The first imperial pronunciamento of the American autocrat." If the President fears the effect of the return to power of the Republican party because of the bad influence it would have on our Allies, how does he regard the publication of that statement in Germany at the very time when we are seeking to encourage the German people to rid themselves of their own autocratic government? The reply of our enemies to President Wilson's appeals for democracy has always been that he exercised more autocratic power than any European potentate. The Times regrets that the issue which the President himself has raised lends color to that statement.

Gen. Grant spoke with the voice of a prophet when he observed that "The Democratic party can always be depended upon to do the wrong thing at the right time." It seems as impossible for a Democrat, even of the high attainments of President Wilson, to rise superior to the traditional pettiness of Democratic politicians as for the leopard to change its spots. Stripped of its classic verbiage and couched in the language of the street, Ex-President Taft has called to President Wilson, "Sit down! You're rocking the boat!" But perhaps a S.O.S. call has already been flashed for Col. House to hurry back home.

THE SINGLE TAX FALLACY.

BY LESLIE M. SHAW.

Henry George, the great apostle of single tax, was a very able man. I do not say he was a very wise man. Great intellects frequently lead to great errors.

Every advocate of single tax legislation has been a faithful disciple of Henry George. No one has added a new argument, stated an old argument with greater force, or reached a different conclusion. None of his followers has ever apologized for anything Henry George ever said, or refused to stand or fall with the great originator of the scheme. Therefore, to quote Henry George is to quote the best authority, and all authority.

I propose, therefore, to make a few extracts from Henry George's standard work on the subject—the great text-book of single taxers—"Progress and Poverty."

He begins and ends his argument with the proposition that God made the land, the sea, and the air, for his children collectively, and has never granted the exclusive right to any part thereof to king or subject. All pretended grants and conveyances, therefore, have been fictitious. Relying upon this argument, he holds that all natural resources still belong to the people collectively, and confiscation in the interest of all is justified.

On page 401 of "Progress and Poverty," he says: "But a question of method remains. How shall we do it? We should satisfy the law of justice. We should meet all economic requirements by at one stroke abolishing all private titles, declaring all lands public property, and letting it out to the highest bidder in lots to suit."

On page 403 he says: "I do not propose either to purchase, or to confiscate property in land. The first would be unjust; the second needless. Let the individuals who now hold it still retain, if they want to, possession of what they are pleased to call their land! let them continue to call it their land; let them buy, and sell, and bequeath and devise it. We may safely leave them the shell, if we take the kernel. It is not necessary to confiscate land; it is only necessary to confiscate rent."

Again, on the same page, he says: "We already take some rent in taxation. We have only to make some changes in our mode of taxation to take it all."

Thus it will be seen that Henry George, with all his intellect, was mentally dishonest. His heart beats were sympathetic, but his mind wobbled. He was able to perceive nothing dishonest when I sold my acres, or my lot, invested the proceeds in stocks and bonds, and then by my vote exempted my property from taxation, and placed all the burdens of government on the purchaser of my land.

He would have seen no injustice in a government of the people establishing rural credit banks, as has been done, loaning millions, with mortgages as security, upon lands purchased from the government, then inducing widows and orphans to buy securities issued against these mortgages, and finally taxing the value of the real estate away, thus leaving the widows and orphans to beg their bread from door to door.

The Potato Autocratic.

A paradox on the brobdignagian efforts America and her allies are making to make the world safe for democracy is the way those mighty efforts are lifting a lot of humble products into the realms of autocracy. Take, for example, the potato, for centuries the most democratic democrat of them all.

Announcement comes from Yakima, which is the potato heaven of the Northwest, that the growers have agreed upon a price of $40 a ton this year for their tubers—a price, by the way, which is not much more than double the prices of peace time, at which the potato cultivator always made fairly good money. C'est la guerre, of course.

The grand champion of democracy—the product that adorned the table of patrician and plebeian alike—now takes unto itself the attributes of greatness, the pomp and circumstance of royalty. Some things are born great, others acquire greatness and a few have greatness thrust upon them—as, for instance, the potato.

From the bourgeoisie "spud in jacket" to the aristocratic "great big baked," recently deposed by Food Administration edict, the all-essential tuber has undoubtedly been the makings of a nation. The present tendency of the market gives rise to the fear that it may yet be the finish of a nation.—[Spokane Spokesman-Review.

RIPPLING RHYMES.

THE HOUSEWORK PROBLEM.

Each day I meet some doleful dame who drags along her weary frame, and says, "It beats the band! This doing housework makes me tired; there are no damsels to be hired in all this war-struck land. I used to bask in gilded ease; but now I have to shell the peas and dust the blooming chairs and mop the ceilings and the floors, and manicure the walls and doors and sweep the cellar stairs. And if by chance I get a maid I lie awake, I'm so afraid that she will up and quit; but then it's no use to repine, we have to smile and fall in line and try to do our bit." We must admire the stately dames who pass up all the idle games that used to take their time, and toil around the kitchen stove and season pumpkin with a clove to make a pie sublime. They're digging up the household lore they used to know in days of yore, ere riches came their way; they're shedding silks and diamond rings, in gingham gowns they're doing things, the things that surely pay. The more they work around the shack the less they'll think of going back to idle, trifling ways; they'll want to sew and bake and boil and keep in touch with useful toil the balance of their days.

Beyond the Rhine lies—what?

Looks like the end of a perfect tag.

Hey, there, the Hon. C. H. Randall boom is bagging at the knees.

Don't forget to remember the boys overseas with a Christmas parcel.

Cotton yet remains un-Americanized, thanks to the objections of the South.

The owner of a choice lot of alibis ought to be able to get a market in Berlin.

This is the last week of the campaign, but nobody is worrying about it but the candidates.

It must be admitted that the Bulgars are a far-sighted race. They saw it coming, and got in out of the wet.

Some folks are like an electric car which looks the same from both ends and has people inside facing both ways.

Every once in a while the fleeing Germans, with reluctant feet, stand for a few minutes where the cheering Allies meet.

Before long the flag of Germany is going to be dipped before the American flag, which never has yet touched the ground.

If that Fourth Liberty Loan had been prolonged a bit it might have been underwritten in the communities where the "flu" rages as an epidemic.

Turkey may not have openly accepted the peace terms, but at last accounts the Sultan was seen moving toward the windows where he hopes to get a bit of air.

Being from Texas, and presumably a good poker player, Col. House is possibly over there to see to it that there is no dealing from the bottom at the Versailles conference.

Longshoremen at Boston only get $1 an hour for their regular work, with $2 an hour for overtime. Meanwhile the pay of college professors is still in the neighborhood of $2000 a year.

The most serious hour for Germany was when she decided to break up Christian civilization and by terrorism conquer the world. The present hour is nothing when compared to that.

While the Kaiser is resting between retreats he might read up on verse eighteen of the eighteenth chapter of Job: "He shall be driven from light into darkness and chased out of the world."

What has become of the old-fashioned Congressmen who used to promise their constituents that if they were elected to the lawmaking body of the nation they would reduce the high cost of living?

The Lookout Mountain inn destroyed by fire was celebrated for its apple pies. In this world it pays to be noted for something. And apple pies are not the zero in the culinary art by any manner of means. Every person does not know how to make them.

The present week ought to note some definite turn in the proposed peace programme. The final position of Germany ought by that time at least partially to be established. Events are moving rapidly overseas, and no man can tell the outcome. The final decree is in the lap of the gods.

There has never been a more shameful page in the history of the world than the selling out of the Russian people by the Lenine-Trotzky regime. And the price was 50,000,000 rubles put to their credit in Stockholm by the Imperial German Bank. The money ought to scorch their traitorous hands.

The Interstate Commerce Commission has approved the proposed increase in express rates. How easy it is to boost the figures when the government runs the business. Under private ownership the express companies might have pleaded until the cows came home for what the government gets for the asking.

Let us hope that in the proposed armistice, when terms of peace are to be formulated, the situation will not arise showing the United States standing out for German demands as against our allies. That is the supreme danger that ought to be appreciated. Let there be no divided counsels so far as the Allies are concerned.

If President Wilson had really "adjourned" politics as he claimed it would not have been necessary for him to have pleaded for the return of a Democratic Congress. The coming Congress will be for the vigorous prosecution of the war, no matter what its political complexion. And nobody knows that better than Woodrow Wilson.

COURAGE.

Ah, hold thyself right valiantly;
Be not afraid to undertake one thing
which life shall ask of thee,
For but to wait or even slightly hesitate
Thy chance may pass, thy work forever and forever may remain undone.
No one can do thy work but thee.
Go forth with joy right valiantly
To do the thing which life has
meant for thee,
And know not qualm or cringing
fear
For the joyous flame of courage
leading on
With noble purpose high
Can conquer all and even light the
way
When death draws nigh!

ANNEXATION LIVE ISSUE.

Matthews Explains Matter to San Pedro Voters.

Tells Why 2300 Acres Should Come into City.

Proposition Met Defeat at Recent Election.

[EXCLUSIVE DISPATCHES.]

LOS ANGELES HARBOR, Oct. 30.—To discuss the annexation of 2300 acres of land west of San Pedro a meeting was held at the rooms of the San Pedro Chamber of Commerce tonight. The proposition to be presented to the voters was explained by W. B. Matthews, counsel and Charles Haswell, business agent for the Public Service Commission.

The Public Service Commission is taking the initiative in the project because of the request of the War Department that adequate water and fire protection be provided by the city at Fort MacArthur. Recently the same proposition was defeated by the voters in the district because of local angles to the question involving the transfer of the private water plant of John T. Gaffey which now supplies a part of the district.

HIS UNLUCKY DAY.

Today was an unlucky one for Pedro Luna. Last night his son died of influenza and he is momentarily expecting to hear of the death of his mother at Santa Ana. On top of these misfortunes his horse was injured yesterday and he had to shoot it. This morning he attempted to crank the automobile of his brother, who had come to bring news from his mother. The crank slipped and broke his arm.

MONROVIA OHIOANS WILL FORM SOCIETY.

[LOCAL CORRESPONDENCE.]

MONROVIA, Oct. 30.—An Ohio Society with more than 150 members already enrolled, will be formed in this city as soon as the influenza epidemic has been eliminated. Montaville Flowers, Republican candidate for Congress from the Ninth District; Postmaster Frank Zimmerman, the Pottenger family of the sanatorium, Mrs. Walter F. Dunn, wife of the Mayor of this city; Dr. George B. Kalb, and many other prominent citizens are on the list.

N. D. Mann of No. 106 May avenue, a prominent retired business man from McConnelsville, O., is the prime mover in the new organization. It is planned to affiliate with the Los Angeles County Ohio Society.

FIRE DESTROYS RIG.

Union Oil Company Suffers $4000 Loss at Oil Well on Chapman Lease.

[EXCLUSIVE DISPATCH.]

FULLERTON, Oct. 30.—Fire early today destroyed the engine house, rig and drilling tools of the Union Oil Company's Chapman No. 1 Oil Well, on the Chapman ranch, east of Fullerton, at a total loss of $4000. The well has been standing cemented at 2800 feet and redrilling was to have been started this morning.

The watchman was instructed to fire up early and it is believed that the blaze started from a small oil stove that he had for heating purposes. Work on the well will be resumed as soon as a new rig can be constructed and set in motion.

LONG BEACH MILLS MAKE LOWEST BID.

CONTRACTS FOR BLANKETS IN EXCESS OF MILLION AND A HALF TO BE AWARDED.

[EXCLUSIVE DISPATCH.]

PORTLAND (Or.) Oct. 30.—Oregon, Washington and California woolen mills were bidders yesterday on 275,000 blankets for the government. Bids were opened in San Francisco, and the total contract will be in excess of $1,500,000. Oregon and Washington mills underbid eastern mills for the high-grade blankets, while the latter mills submitted bids also for second-grade blankets. For army uses the government is in the market for 8,000,000 blankets, and it is believed here that local mills have been successful in obtaining orders for 186,000 of them.

Following are the Pacific Coast bids and the quantities offered to be contracted for: Portland Woolen Mills, 60,000 blankets, at $7.50; Washougal Woolen Mills, 50,000, at $7.75; Thomas B. Kay Woolen Mills, Salem, 20,000, at $7.57½; Eugene Woolen Mills, 6000, at $8; Oregon City Woolen Mills, 50,000, at $7.85; Inland Woolen Mills, Spokane, 25,000, at $8.50; Matson Woolen Mills, Seattle, 20,000, at $8; Golden State Woolen Mills, Long Beach, 15,000, at $7.25; Mission Woolen Mills, Santa Ana, 29,000, at $7.75.

SANTA ANA MILL BIDS.

[LOCAL CORRESPONDENCE.]

SANTA ANA, Oct. 30.—The Mission woolen mill here has entered a bid for the manufacture of 50,000 army blankets for the United States government, it became known here today. The local mill has done nothing but government work for the past year and a half and has been receiving about $8 apiece for blankets turned out. While the bids were opened at San Francisco, the contract will not be awarded for a few days, it is stated, as data on the bids must be wired to the Philadelphia headquarters.

[EXCLUSIVE DISPATCH.]

VENTURA, Oct. 30.—It is believed here that Herman Reinau, formerly a wealthy property owner in this county, and who entered the German army at the time war was declared, is dead. Reinau had become an American citizen, but returned to Germany with the view of obtaining a diplomatic job, it is said. Upon his arrival in the Kaiser's domain he was either impressed or volunteered in the German army, serving in the Engineering Corps. His wife, who lives here, has not heard from Reinau since about last Christmas. He was a graduate of Heidelberg and also of the University of California.

HEADED FOR FRANCE.

[LOCAL CORRESPONDENCE.]

PASADENA, Oct. 30.—Charles E. Jaco, former deputy city building inspector, will leave November 8 for the East, on his way to France, where he will engage in Y.M.C.A. work. He returned yesterday from taking a course of instruction at Stanford University.

LANE SENDS CONTRACT.

[EXCLUSIVE DISPATCH.]

EL CENTRO, Oct. 30.—President Leroy Holt, of the Imperial Irrigation District, today received from Secretary of the Interior Lane a copy of the contract between the district and the government providing for a connection with Laguna Dam, above Yuma.

The contract, which had previously been signed by President Holt and Secretary F. H. McIver of the irrigation district, was signed by Secretary Lane. It will be effective, if ratified by the people of Imperial Valley within six months from October 23, the date on which it was executed by the Interior Secretary.

It is expected that at a meeting of the irrigation district board of directors next Tuesday the date for a ratification election may be set. At a meeting Tuesday there was considerable discussion regarding the proper date of the election and no action was taken. The board heard a report from the Advisory Committee of the mutual water companies urging the date of the election to be within thirty days after receipt of the final report of the preliminary survey of the proposed all-American canal. This report, which is to be made by Dr. Elwood Mead, Engineers C. E. Grunsky and W. W. Schlecht, is expected to be forthcoming early in December.

At a meeting on October 4 the board of directors' tentatively selected December 21 as the election date. Among the opponents of this date, or any date for the election that comes too soon after receipt of the survey report, was Col. W. H. Holabird of Los Angeles, for six years receiver of the old California Development Company.

Col. Holabird's remarks at the meeting were accepted as plainly in opposition, not only to the Laguna connection, but also to the all-American canal. The contract provides that the Laguna connection, which is to cost the district $1,600,000, is a part of the general plan to build an all-American canal.

The copy of the contract received today has made five transcontinental trips during the negotiations between the district and Secretary Lane's office since August 1, 1918, and was drawn up as the result of a conference, lasting nearly three months, early this year, between representatives of the Imperial Valley and government officials at Washington.

GRANT HIM LEAVE.

Ontario's City Attorney to Enter Aviation Section of Uncle Sam's Army.

[LOCAL CORRESPONDENCE.]

ONTARIO, Oct. 30.—Archie D. Mitchell, one of the most widely known and prominent young lawyers of San Bernardino county and City Attorney of Ontario, today filed a request with the City Council for a leave of absence for the duration of the war and announced his intention of leaving Friday for Seattle, where he will enter the ground school in naval aviation as a preliminary to qualifying for a flyer in the hydroaeronautics section of the United States Navy.

Mr. Mitchell applied for a place in the service last August, at which time a large number of prominent business and professional men of the county and city sent the Navy Department high recommendations in his behalf. His call to report for duty arrived today.

Since his graduation from the law school of the University of Southern California and his admission to the bar some five years ago, his career has been little short of meteoric, and he is today recognized as one of the most able young attorneys of the Southland.

ONLY TWO DEATHS.

[LOCAL CORRESPONDENCE.]

PASADENA, Oct. 30.—Only two deaths with Spanish influenza as a contributing factor have been reported in Pasadena during the past twenty-four hours. Thirty-two new cases were reported in the same period. One of the deaths was that of Miss Phebe A. Parker of No. 851 North Wilson avenue, 54 years of age. The other death was that of Sempel Hasama, 29 years old, a Japanese.

"FLU" AT VENTURA.

[EXCLUSIVE DISPATCH.]

VENTURA, Oct. 30.—The number of new cases of influenza reported here since yesterday is twenty-eight. This is low as compared with the first week of the outbreak, but an increase over any day since last Saturday. The Health Board has reported a total of 267 cases and five deaths.

ONTARIANS WIN FIGHT.

[LOCAL CORRESPONDENCE.]

ONTARIO, Oct. 30.—Several hundred families living in the southwest section of this city and in territory adjacent to it today won their long fight with the postal department to have their mail addressed to this city and delivered from the Ontario instead of through the Chino postoffice, according to announcement of Postmaster John Mitchell. Largely instrumental in bringing about the new order, which goes into effect November 1, were the Ontario Chamber of Commerce and the Ontario Business Men's Association.

LAND SHIPS NOT EASY STEERING.

Capt. Smith Finds that He is Somewhat Handicapped When not at Sea.

[LOCAL CORRESPONDENCE.]

SANTA ANA, Oct. 30.—Capt. Smith may know all the fine points of steering a bark on the briny deep, but when it comes to guiding an automobile on land he apparently has his limitations.

According to the story secured by Deputy Sheriff Fowler, the "old salt" was driving near San Juan Capistrano, when a wagon with a crew of seven Mexicans aboard, appeared in the offing. Capt. Smith misjudged the distance and an old-fashioned shipwreck resulted.

The auto hit the horse and cut it badly. The wagon tongue broke and a Mexican was thrown under the horse. The auto had a wheel taken off. The Mexican in command was ruised but not seriously hurt.

The skipper of the wrecked schooner accepted a check for $100 and everybody called it square.

WIDOW EJECTED FROM HER HOME.

SUMMARY ACTION IS TAKEN IN CASE OF WOMAN WITH SON IN NAVY.

Because, last January, she was unable to make a payment of $250 on a $3200 trust deed on which $2140.80 had been paid, Mrs. L. A. Hodgson, a widow, whose only son is in the United States service, was yesterday ejected from the home at No. 1036 West Fifty-seventh street, where she has lived for five years.

Mrs. Hodgson has a pay voucher for $300 from her son, Stephen Hodgson, who is third officer on a United States Army transport. She yesterday attempted to obtain a loan of $100 on this voucher, but was unsuccessful.

The deed signed by Mrs. Hodgson was last May sold to one Fred Redmond. Last Thursday Mrs. Hodgson was presented with an ejectment summons and yesterday morning a deputy sheriff appeared and ordered Mrs. Hodgson to remove everything from the house.

She requested that she be given until the afternoon to pack, but this was refused and clothes drying on a rack, half-washed dishes and jars of preserves were taken out of the house and left on the front lawn, together with tables, chairs, a piano and other articles of furniture.

Neighbors helped Mrs. Hodgson in emergency packing on the front lawn, and representatives of the Mothers of Sons of Service, of which Mrs. Hodgson is a member, and of the Young Women's Christian Association Red Cross auxiliary assisted her.

Mrs. Hodgson spent the night at the Y.W.C.A. Her lawyer, T. A. Williams, has been directed to commence suit alleging improper ejectment.

SEEK INHERITANCE TAX.

State Controller Charges Big Estate was Placed in Trust in Contemplation of Death.

In a suit filed yesterday by State Controller Chambers, it is charged that notes and mortgages and eleven parcels of Los Angeles property in the estate of Martha C. Lebus, who died September 11, are subject to the inheritance tax. The estate is valued at $100,000. The complaint contends that the property was transferred by the deceased in contemplation of death, as it was placed in trust for the benefit of Bertha, Orrie and Clarence Lebus, Margaret L. Holman and Elizabeth L. H. Perry.

ARTIST DIES.

Xarifa Towner de Kruif, Prominent Landscape Painter, is Victim of Pneumonia.

News has just been received that Xarifa Towner de Kruif, well-known Los Angeles landscape painter and wife of Henri Gilbert de Kruif, a New York artist, died of bronchial pneumonia at Holland, Mich., on October 21. The De Kruifs were on their way to Los Angeles from New York, and Mr. De Kruif expected to join the army on his arrival.

Before her marriage Miss Towner was one of the well-known figures in the art circles of Los Angeles. A few years ago she built herself a charming home and studio at Laguna Beach—being, indeed, one of the first of our painters to settle in this wonderful sketching place—and she kept open house there till her marriage, a few years ago, when she moved to New York. Both she and her husband were members of the California Art Club.

Improved Metal Plates

A good metal plate will last a lifetime; is cool and non-irritating to the tissues of the mouth.

Dr. Foster's restoration metal plate is the best of the kind, giving back the fullness to the cheeks and youthful expression to the lips and mouth.

A set of these teeth cannot be detected from natural teeth and stay in place so firmly that one can eat anything with perfect comfort.

My patients, after being fitted with these plates, often come back to tell me they are the nearest to natural teeth they had ever expected to have.

Rubber plates are made on the same lines as the metal, preventing, as they do, that premature old expression and wrinkles caused by the dropping of the tissues from the loss of the natural teeth. These plates can be made at a very moderate cost.

MY OFFICES ARE EQUIPPED with every modern convenience and the greatest effort made by careful attention to every detail of construction of our work, so that the most exacting person can be satisfied at a reasonable fee.

A LESSON IN LIBERTY'S.

BY CHAPIN HALL.

The mystery of market quotation is furnishing many an evening's diversion to Mr. and Mrs. Tom, Dick and Harry, who have come into possession, by means of Liberty Loan campaigns, of Federal securities, but who are unfamiliar with all of the tricks which the innocent-looking bits of paper can be made to perform.

The first surprise comes to the uninitiated when they learn, through carefully and painfully collected scraps from financial pages and friends who have entree to that mysterious realm where bulls and bears are supposed to roam at will, and where "lambs" leap lightly from crag to crag, that the different government issues are selling at all sorts of prices from 95 to above 100. Why, they ask, should a $100 bond be worth anything less than $100?

Well, it isn't. How, then about the quoted prices?

The answer is simple. The prices are not made by Uncle Sam, but by the individual seller. You buy the bond at the par value stamped upon its face by authority of the Federal government. That is what the bond is worth, and that is what Uncle Sam will pay you for it when the day comes upon which he has promised to pay.

But this particular bond is in the possession of Bill Smith, and for some reason he wants to sell. The government hasn't the first thing to do with the transaction, and if Bill wants to dispose of his bond bad enough he will offer it at a price that will be sure to interest a bargain-seeking purchaser.

The principle is just the same as that so often elucidated by a merchant, who feels a pressing need for some ready funds. He inaugurates a "sale," and offers an attractive line of specials below cost. The goods move rapidly; Smith gets his cash, the buyer gets a bargain, and the intrinsic value of the goods remain just what it was before the sale. Thus, the price of Liberty Bonds quoted on the boards of the stock exchanges throughout the country represent the sales made by thousands of these Bill Smiths, and have nothing in the world to do with the face value of the bond or the government's sponsorship thereof. You do not buy the security from Uncle Sam, but from Smith, and usually you buy not so much from motives of patriotism as from a desire to get a good standard article below its actual value.

Another point that is puzzling to the amateur financiers is the question of maturity. The Liberty Bonds have "optional maturities," that is, the government can pay them off if it so elects at any time after a given date, but is not bound to do so until the final day denominated in the bond. For instance, the second Liberty 4's and the second converted 4 1-4's may be paid any time from 1927 to 1942.

Suppose, for instance, that in 1927 the government found itself in a position to borrow funds at 3 per cent. or any lesser rate than that for which the issue was marketed. There would then be a refunding issue authorized; the 4's or 4 1-4's would be retired in favor of the new issue and the difference in the interest saved. On the other hand, the purchaser of the 4 1-4's is made sure of his investment until 1927, and buys with full understanding of the optional maturity. If, of course, the country is still on a 4 1-4 per cent. basis in 1927, then there would be no object in recalling the bonds, and they would be permitted to remain in circulation until the date of final maturity (in this case 1942,) although the government would have the right to exercise its option at any time intervening after 1927.

While this may seem like an elemental lesson, it answers a number of questions which have been directed to this department, and will be followed by other simple and apparently obvious statements of fact, for it must be remembered by the "bond wise" that until a few months ago the American people were completely ignorant of this method of finance, and that the bondholders in this country, under the stimulus of government Liberty Loans, have jumped almost over night from 300,000 to at least 25,000,000, or one-quarter of the total population of the country. This great newly developed business is not composed of ignorant holders, but of many men and women who really want to know. They bought bonds because they were led by their patriotism and desire to help win the war, and now that they have them they are determined, American fashion, to know what manner of chattel it is they have secured, and in acquiring this information they are laying the foundation for further and more intricate transactions.

NEW YORK STOCK MARKET.

[BY A. P. NIGHT WIRE.]

NEW YORK, Oct. 30. — Influenced mainly by further indications of a contraction of credits and the reduction in the United States Steel extra dividend from 3 to 2 per cent., the stock market today experienced a drastic liquidating movement with severe impairment of quoted values.

Declines in the general list, after some early firmness in rails, shippings and coppers, ranged from 3 to 15 points, oils leading the collapse, just as they had featured the advance of recent weeks.

The bulk of the selling, much of which was clearly of an enforced character, with a liberal sprinkling of bearish pressure, again centered around United States Steel, that stock furnishing about 25 per cent. of the total turnover at a gross reaction of 6 points to 102, closing practically at the bottom.

Mexican Petroleum, which is in disfavor with the authorities of the exchange because of its spectacular performances, opened at a decline of 9½ points, rallied 6, and, in the broader selling of the last hour, reacted 14 points, showing a loss of 31 points in two days.

Even the high-grade rails and shippings, metals and representative specialties broke sharply with speculative issues in the final hour, when support seemed almost wholly lacking, weakness prevailing at the end. Sales amounted to 975,000 shares.

Greater firmness of rates on Paris was the only reflection of the more favorable developments in the foreign situation, neutral remittances remaining unaltered.

Bonds were inclined to ease, but held better than stocks, showing no marked weakness. Liberty 3½'s made a slight gain, but that group, as a whole, was relatively inactive. Total sales, par value, aggregated $7,650,000. Old United States bonds were unchanged on call.

Liberty Bond closing: Final prices on Liberty Bonds today were: Three and one-halves, 99.98; first convertible 4's, 97.46; second 4's, 97.16; first convertible 4¼'s, 97.40; second convertible 4¼'s, 97.14; third 4¼'s, 97.20.

Asks Permission to Refund Note.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 30.—Permission to refund a $350,000 promissory note to the Bankers' Trust Company of New York was asked of the State Railroad Commission by the Great Western Power Company of California here today. The note is due November 7.

STOCK QUOTATIONS IN NEW YORK.

NEW YORK, Oct. 30.—Following are the closing prices, sales, and high and low quotations today:

[illegible]

*Ex-dividend.

LOCAL STOCK MARKET QUIET BUT UNRUFFLED.

In spite of the fact that the New York market was decidedly temperamental yesterday, with quotations taking curious flights and burrowings, Los Angeles refused to become excited, and while the volume of trading was light, there was nothing hectic about the transactions, and the whole fabric held firmly. Tom Reed receded from an opening of 1.60 to a closing sales price of 1.55. Union sold around 110.00. United Eastern never faltered from its high mark of 4.32½, and there was considerable activity in Liberty Bonds at the prices which have prevailed for some time. It was a waiting market, but unruffled.

CONVERSION TIME EXPIRES NOVEMBER 9.

November 9 is the last day upon which holders of 4 per cent. Liberty Loan Bonds may exercise the right of conversion under which they may turn their bonds into 4 1-4s. While the recent publicity given to this fact by Campaign manager R. H. Moulton has had the effect of bringing in a large volume of these bonds, there are still a good many outstanding.

Secretary McAdoo has issued a further warning which reminds holders of convertible bonds that the time for conversion is nearly up, and cannot be extended. Holders of the bonds will gain one-quarter of 1 per cent. interest per annum by converting their holdings, and they are strongly advised to request registered bonds in order to protect themselves against the risk of loss, theft, or destruction.

It is further urged by the Treasury Department that bondholders do not wait until the last moment to exercise the privilege of conversion, for delay will result in overburdening the banking institutions of the country, and may result in the loss of the privilege altogether.

Any bank or trust company will assist bondholders in converting and registering their bonds.

CORN PRICES DECLINE RAPIDLY AT CHICAGO.

THE AUSTRIAN AND GERMAN NOTES RECEIVED AT WASHINGTON CAUSE BREAK.

[BY A. P. NIGHT WIRE.]

CHICAGO, Oct. 30.—Corn rapidly declined in value today under liquidation due for the most part to the new German and Austrian notes received at Washington. Prices closed nervous, 3½ to 5¼ net lower, with November 1.17⅝ to 1.17¾ and December 1.14⅛ to 1.15. Oats finished 1⅜ to 1⅞ down, and provisions off 25 to 1.37. Oats gave way with corn. Exporters were still out of the market and domestic demand was slow. Weakness in the hog market as well as in grain caused provisions to tumble. Pork especially made a sharp descent.

CHICAGO, Oct. 30.—Close: Corn, November, 1.17⅝; December, 1.14⅞. Oats, November, 67¼; December, 66⅝. Pork, November, 35.30; January, 38.25. Lard, November, 25.80; January, 24.60. Ribs, November, 21.80; January, 21.90.

The Bonds of Reclamation District No. 756 have our unqualified recommendation. The following facts will convince you that it is an investment of the first grade:

BONDS OF RECLAMATION DISTRICT NO. 756 are a first lien on the land, subject only to State and County taxes and cannot be impaired.

THE ACTUAL VALUE OF THE 6240 ACRES comprising the net assessable area within the District is conservatively placed by independent appraisers at over $1,404,000.

DISTRICT NO. 756 CONSISTS OF 6240 ACRES of extremely fertile land situated about nine miles from the city of Stockton, California, adjoining that owned by California Delta Farms, Inc.

6006 ACRES OF DISTRICT NO. 756 is under lease to Mr. George Shima, known generally as the "Potato King," at $27 per acre per year cash rental, making the yearly income at present over $162,162, which is over six and one-half times the amount necessary to pay the interest on bonds outstanding.

City and County taxes for District No .756 will not exceed one dollar per acre per annum.

Ninety per cent. of the lands situated in Reclamation District No. 756 are owned by Bouldin Land Company, a corporation organized for the purpose of purchasing and operating this property.

Among the largest stockholders of Bouldin Land Company are the following:

Howard S. Dudley, President, Los Angeles; Lee A. Phillips, Vice-President, Los Angeles; W. H. Davis, Vice-President, Los Angeles; Isaac Milbank, Los Angeles; George I. Cochran, Los Angeles; J. C. Drake, Los Angeles; John B. Miller, Los Angeles; Herbert Fleishhacker, San Francisco, George A. Atherton, Stockton; Dr. W. W. Beckett, Los Angeles; Frank C. Bolt, Pasadena.

Practically all of the above named stockholders have had experience in the handling of similar properties through the operation of California Delta Farms, Inc., a very successful land corporation.

The State of California, through its Reclamation District Laws, invites and protects capital to be used in making available its rich and highly productive river land.

An investment yielding 5.90 per cent. net, fortified by a permanent first lien supported by enforced taxation and exempt from all Government charges is exceptional.

COMMERCIAL.

LOCAL PRODUCE MARKET.

The market was very active yesterday, and all lines of produce offered moved readily at a slightly higher level than last week, owing to the moderate supply of stock on hand. There was a good demand for small fruits and vegetables, the latter, which are cleaning up rapidly, brought unusually high prices, with the exception of cabbage, values of which held at nearly last week's level, although most of the slight changes were in the downward direction. The heavy demand for cabbage has been lessened to some extent in the past month, owing to the fact that leading and manufacturing of kraut have been hampered by labor shortage. Onion prices have been stable the past week, and have held all they recovered the previous week, but the demand is still uncertain, although stronger the last few days. The California values have not changed; having such a big crop to handle orders do not come in fast enough, and it is being rolled on consignment in all directions.

The volume of produce continues to decline gradually. Shipments increased moderately for potatoes, cabbage, oranges, grapefruit and cranberries, but decreased for apples, grapes, pears and tomatoes. The movement was nearly steady for sweet potatoes and celery. There were a few important changes in either direction. Apples, sweet potatoes, onions, grapes, cranberries and celery ranged steady to firm, while potatoes, cabbage, beans and grapefruit weakened slightly. As compared with last year prices are higher for grapes and boxed apples in consuming markets; lower for potatoes, cabbage and onions, and about the same for barreled apples and sweet potatoes.

Receipts at the Los Angeles Produce Exchange yesterday were: Seventy-one cases of eggs, 4000 pounds of butter, 5300 pounds of cheese, 7886 sacks of potatoes, 1087 sacks of onions, and 11,744 boxes of apples.

COTTON DECLINES ON NEW YORK EXCHANGE.

REPORTS OF RESTRICTIONS ON LOANS IN FINANCIAL CIRCLES CAUSES DECLINE.

[EXCLUSIVE DISPATCH.]

NEW YORK, Oct. 30.—The cotton market slumped again today under aggressive selling from Liverpool, Wall street and the South. Reports of restrictions on loans in stock exchange circles seemed to increase nervousness in cotton, and a good part of the pressure was attributed to Wall-street selling. The Liverpool selling here was supposed to represent increased confidence in wider differences between the two markets, while bearish sentiment otherwise was evidently based on the war situation.

[POLITICAL ANNOUNCEMENT]

—Where "Angels" Fear to Tread

On November 5th you will vote on an amendment that will vitally affect every person in California. It goes to the root of the health of at least 80 per cent of the total population of the State—the people who must measure their dollars to get out of life something more than a mere existence.

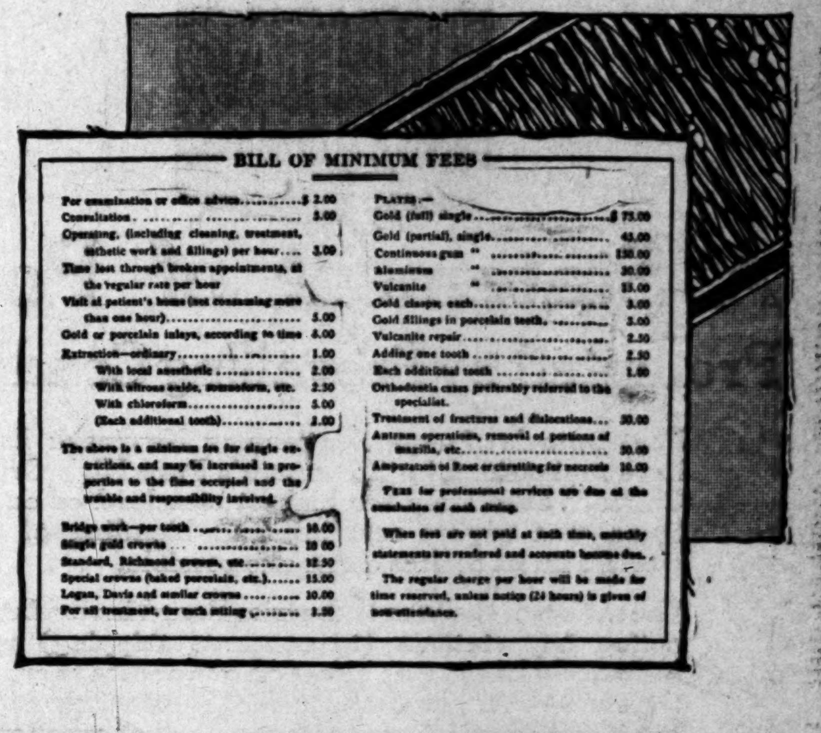
This Amendment is the Dental Bill that aims to destroy the power of the MINIMUM-FEE-FIXERS and place dentistry where it belongs—at the command of all the people.

Statistics show that only 20 per cent of the people go to dentists, except perhaps to have a painful, utterly decayed tooth extracted. The reason? Because the kind of dentistry that saves teeth, that makes good health possible, that prolongs life, has been placed beyond the reach of the great mass of people by the "ethical" dentist.

The so-called ethical dentist is bitterly opposed to this new law. At the first reading of it you will wonder why. You will see by its provisions that it raises the qualifications of membership on the State Board of Dental Examiners—that it does not lessen legitimate standards of dentistry, that it protects patients under the influence of anaesthetics, when they most need protection.

But if these provisions jar the sensitive nerves of the "ethical dentist", it is as nothing compared to the amendment's great unforgivable offense: *It brings the fixed prices of the ethical dentist face to face with competition*—and this is the ground where even angels must not tread. For if there is any one thing disastrous to the "ethical dentist"—it is this!

Perhaps you did not know that the "ethical dentists" have agreements as to MINIMUM FEES—not as to maximum. That is benignly left to the size of the patient's purse and the courage of the "ethical" practitioner. But don't take our word for this. Here's the best evidence in the case—an actual reproduction of the bill of minimum fees adopted by the most important chapter of the great State dental trust:



BILL OF MINIMUM FEES

For examination or office advice	$ 2.00
Consultation	5.00
Operating, (including cleaning, treatment, esthetic work and fillings) per hour	5.00
Time lost through broken appointments, at the regular rate per hour	
Visit at patient's home (not consuming more than one hour)	5.00
Gold or porcelain inlays, according to time	5.00
Extraction—ordinary	1.00
With local anaesthetic	2.00
With nitrous oxide, somnoform, etc.	2.50
With chloroform	5.00
(Each additional tooth)	1.00

The above is a minimum fee for single extractions, and may be increased in proportion to the time occupied and the trouble and responsibility involved.

Bridge work—per tooth	10.00
Single gold crowns	10.00
Standard, Richmond crowns, etc.	12.50
Special crowns (baked porcelain, etc.)	15.00
Logan, Davis and similar crowns	10.00
For all treatment, for each sitting	1.50

PLATES.—	
Gold (full) single	$ 75.00
Gold (partial), single	45.00
Continuous gum "	150.00
Aluminum "	30.00
Vulcanite "	15.00
Gold clasps, each	3.00
Gold fillings in porcelain teeth	3.00
Vulcanite repair	2.50
Adding one tooth	2.50
Each additional tooth	1.00
Orthodontia cases preferably referred to the specialist.	
Treatment of fractures and dislocations	50.00
Antrum operations, removal of portions of maxilla, etc.	50.00
Amputation of Root or curetting for necrosis	10.00

Fees for professional services are due at the conclusion of each sitting.

When fees are not paid at such time, monthly statements are rendered and accounts become due.

The regular charge per hour will be made for time reserved, unless notice (24 hours) is given of non-attendance.

* * * * *

Now—what are you, the voters of California, going to do on November 5th? Surely you'll not sit idly by; surely you'll vote yes on this amendment that gives the 80 per cent the same opportunities of health as the 20 per cent that can afford the cost of "ethical" treatment. Study the new measure carefully and you will realize that it should be made a law because it gives the large majority the things that 20 per cent now command.

VOTE YES DENTISTRY Amendment 21

I HEARTILY subscribe to this statement, knowing from the successful experience and practice of dentistry over a period of twenty-five years that the true facts of the case are as here presented. **PAINLESS PARKER.**

MAY MAKE NEW RECORD.

Los Angeles Sells More Bonds to More People Than Any Other City.

(Continued from First Page.)

107,150 of Fourth Liberty Loan Bonds with 238,067 subscribers, thereby establishing, in the opinion of your committee, a new national record for distribution in cities of this class and larger.

Since the inception of the First Liberty Loan drive, your committee has continuously labored with the end in view that whatever oversubscriptions should unexpectedly materialize would not represent any increased burden for that large number who subscribed their fair proportion of each loan, but, should very actually reflect increases in distributing efficiency as represented by continuously enlarging numbers of new subscribers.

In the light of this statement the unexpected oversubscription to this loan of $6,000,000 can be reasonably considered only in connection with the notable increase in new subscribers of 80,000 over the total number of subscribers registered for the third loan, which itself was announced by the Treasury Department as a national record. That the oversubscription apportioned to these 80,000 shows a per capita investment of only $75 is itself indicative of how very thoroughly the loan was distributed throughout the community.

It need be added that there was conspicuously absent from this campaign in Los Angeles city the enforced lodgement of large blocks of bonds with individuals inspired by marked civic pride, as is almost universally the case with other large cities throughout the country. The result is that the exceptionally broad distribution effected here has assured a thorough digestion of the loan locally.

Some there were who extended themselves inconveniently toward the close of the drive through increases in their subscriptions out of a spirit of splendid patriotism and civic pride, aroused by the danger of failure that our official figures clearly indicated to be imminent. To them we can say that so similarly moved by that danger were members of the headquarters staff in intimate touch with the situation that although less than fifty in number, they increased their previous subscriptions to the loan in the last forty-eight hours by $56,000.

What it required of consecrated effort to raise the total of individual subscribers from 106,000 to 238,000 in forty-eight hours, when it had required nearly three weeks to obtain the original 106,000, can be better imagined than described. To the 15,000 splendid workers who effected that similar result, the city owes a debt of gratitude that your committee in this fashion can hope to express only in the feeblest terms.

CREAM APPLIED IN NOSTRILS MAY PREVENT SPANISH INFLUENZA

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

Many Kinds of Rheumatism One Sure Mode of Treatment

Authorities Say Don't Use Liniments. Treat It Through the Blood. You Can't Rub It Out!

Whether your trouble is Sciatica, Lumbago or the dreaded Articular Rheumatism, the answer is the same. You must treat it through the blood. That is the only way to rid the system of uric acid, purify the blood and revitalize the nerves. If the blood is freed from impurities, Rheumatism must go. This in short is the exact knowledge gained by the research laboratories of the S. S. S. Co. in Atlanta. There tests have been made for fifty years. They know what Rheumatism is. They know that S. S. S., the remarkable blood tonic, which they originated, will relieve you of Rheumatism. Take S. S. S. today. The complete recovery of thousands of sufferers by the use of S. S. S. is positive proof that you can be relieved. S. S. S. is a blood tonic—a purifier that restores the blood, revitalizes it, cleanses it, makes it pure as it was before it became poisoned with impurities. S. S. S. gives it strength to drive out these impurities—the uric acid and organic poison and with it the Rheumatism. Get S. S. S. at your druggist's. TURN ON LIGHTS, WIN DIVORCES.

Surprise Visit to Cottage Obtains Evidence that Frees Two.

Mrs. Florence Arnold was granted a divorce from James Arnold, and William T. McClain was freed from Ada McClain in Judge Monroe's court yesterday on testimony resulting from a surprise visit made by Mr. McClain and Mrs. Arnold to a cottage owned by Mr. Arnold. It was stated that Mr. Arnold, Pauline Hamilton, Mrs. McClain and Robert Reeve adjourned from a downtown cafe to the cottage. Mr. McClain said he saw the party in the cafe, and, telephoning to Mrs. Arnold and Frank L. Cole, a friend, all went to the cottage, Mrs. Arnold having brought the key. Quietly entering, they turned on the lights.

Mr. Arnold did not contest his wife's suit. Mrs. McClain was represented in court by an attorney, but offered no testimony. Mr. McClain was awarded the custody of his two children.

ALLEGED HUN PLOTTER IS INSANITY SUSPECT.

Emil Kleine, the German gardener charged with violating the Espionage Act, whose letters and private correspondence created a sensation when produced before United States Commissioner Long, was sent to the psychopathic ward at the County Hospital for observation.

Among the letters captured by the government was one written by Kleine to German Ambassador Von Eckhardt at the City of Mexico complaining of the inactivity in the German cause of the German Consul, Carl Unger, of Mazatlan. Other correspondence indicated his familiarity with airplanes, wireless telegraphy, etc.

Kleine says that all of the information contained in the letters he secured from the daily newspapers.

HIGH BOND ASKED FOR ALLEGED THIEF.

Ralph Wells, who is believed by the police to be the ringleader of a gang of auto accessories thieves, was arraigned yesterday before Justice Hinshaw, charged with having stolen several tires from Harry Wright. Justice Hinshaw set his preliminary hearing for next Monday. When bond was set at $1000, Detective Stephens of the University Station asked that it be increased, as the authorities have evidence, he declared, which will implicate Wells in several other robberies. Justice Hinshaw then increased bail to $2500.

WOULD EVICT "QUEEN ELLA."

New Suit Started to End Prophet's Tenancy.

Case of Colored "Saint" for Retrial Next Week.

Promised Miraculous Birth of New Messiah.

Ella Smith Trull (Queen Ella,") the colored prophet, whose announcement that a King Emanuel would be born to her June 3, 1916, caused widespread excitement at the chapel in Edwin street, was made defendant in a suit filed yesterday by Ruth M. Bekins to terminate a life tenancy in the property. Mrs. Trull was Ella Smith in 1916. Among her flock of religious zealots, she was known as "Saint Ella" and "Queen Ella."

Because Martin Bekins, father of the plaintiff, believed she was doing great good in her religious work and was capable of greater good if she had better facilities, he bought a lot for $4000 and conveyed it to her in 1913. The condition was that she continue her teachings along the same lines as she was then conducting them.

But in 1916 "Queen Ella" is alleged to have departed from her teachings and to have given them a more advanced form. This, it is claimed, constituted a breach of the agreement covering the use of the property.

The complaint declares that she "put unusual and fancied interpretations on the scriptures and began to prophesy of and concerning the coming of Christ, and that it had been revealed to her that she would on the 3rd day of June, 1916, at the hour of 5 o'clock in the afternoon, give birth to the said Christ which said birth, she said, would be the result of immaculate conception.

At a trial in April, 1917, in an unlawful detainer action, a graphic recital was given of the miracle "Queen Ella" had promised. The house in which the miracle was to take place was surrounded by an immense crowd and policemen had to be summoned to prevent disorder.

"Queen Ella," after preparations had been made for the event, including the making of clothes for the miraculous infant, declared, witnesses stated, that "he wouldn't be born with a crowd around." After a trial which lasted several days, judgment was given in favor of Miss Bekins. It was reversed on appeal, and the case sent back for retrial. This has been set for November 6.

MAN AND WIFE DEAD.

Ventura Business Man and Prominent Mason Succumbs to Attack of Influenza.

Delbert A. Reese, a business man of Ventura and a prominent Mason, died at his home there yesterday as a result of an attack of influenza. He was a brother of D. J. Reese, a member of the State Civil Service Commission.

Mr. Reese's wife died on Monday of the same disease. Funeral arrangements have not yet been made.

LOS ANGELES MAN TO REDUCE ARMY DISEASE.

In answer to a call from Surgeon-General Rupert Blue, Harry R. Minor, manager of the Baker-Detwiler Building in this city, will leave for Washington this morning to accept an emergency position for a few months as interstate supervisor of medical instruction for drafted men.

Mr. Minor's duties will consist of organization work in getting the machinery of the new department under way.

TO INVESTIGATE PLAN TO SAVE CITY MONEY.

By order of the City Council yesterday, the efficiency director was directed to investigate the plan suggested by the Civil Service Commission of consolidating the work of the housing and sanitary inspectors in the health department, and to make recommendation thereon. It has been asserted before the City Council that at least $50,000 a year could be saved by such a consolidation.

PAY UP RED CROSS PLEDGE.

This is Last Day to Make Good, and Fund is Badly Needed.

Today is the last day to complete second Red Cross war fund pledges. These moneys must be paid in before 5:30 tonight, so that the national Red Cross may have the complete report upon the Los Angeles Red Cross fund.

Every dollar of the fund subscribed last May to the Red Cross is needed. Possibly, it is said, the demand is greater now than ever for supplies and for shelter and clothing for the people in the districts being evacuated by the German armies. In Belgium, France, Serbia, Montenegro and Albania, the Red Cross headquarters are almost swamped with the demands upon them.

Go to the Red Cross war fund headquarters, 540 Merchants National Bank Building, Sixth and Spring streets, and pay up in full if you have not already done so, is the appeal sent out.

SEEK TRIO FOR FOGEL MURDER.

(Continued from First Page.)

my family, my control again warned Mr. Fogel about going into a house, and described two men. I have given the police descriptions of these men. Mr. Fogel was very much impressed. He always carried large sums of money, and that night he showed more than $1000 in bills. I also learned that two men answering the description my control gave me visited Mr. Fogel in his office. I suppose to find out just how he worked in his office. I have known Mr. Woods for more than a year Mr. Fogel was very much interested in spiritual, or, as the general public might call them, occult matters, and told me that he had been advised by his control and by other controls in all of his successful business ventures."

E. P. Woods, who has a desk in the outer office occupied by Mr. Fogel, said yesterday that he had no additional light to throw on the murder, and that he had given all of his information to the police. He said that he was not Mr. Fogel's partner, as has been stated, but simply had desk room in the same office occupied by Mr. Fogel in the Security Building.

WIDOW PROSTRATED.

Mrs. Fogel, the widow, was prostrated at the family home, No. 1247 Fifth street, Santa Monica, yesterday. She received the news of the tragedy at 10 o'clock Tuesday night, and with her daughter, Marguerite Richmond, drove instantly to the Faris morgue with Cashier Henry Englebrecht of the Bank of Santa Monica and identified the body.

Mrs. Fogel was in the city shopping at the same time her husband was being done to death in the murder house on West Twenty-seventh street. She called at his office late in the afternoon to accompany him home. Informed by Mr. Woods that he had gone out on business, she waited for some time, then went to the Pacific Electric Station, and waited again, and again at the station in Santa Monica. When he failed to appear at dinner time she became much worried.

Mrs. Ella Hall Lloyd, for twenty years housekeeper for the Fogel family, and recently married to Sim Lloyd, a restaurateur residing at No 104 North Avenue Twenty-two, this city, read of the tragedy yesterday morning and hurried to the beach to help care for her stricken mistress.

Former Judge George H. Hutton, law partner, with Chester Coffin, of Lieut. Moe Fogel, the son of the slain man, wired Lieut. Fogel yesterday morning at Camp Mills, N. Y., apprising him of the murder. The wire was returned with the laconic entry, "Too late. Regiment sailed for France."

Lieut. Henry Richmond, the dead man's son-in-law, and formerly an El Centro dentist, is also in France. Leo Fogel, the 18-year-old second son, is a member of the Student Army Training Corps of Pomona College. He has been ill with influenza, but was allowed to visit the stricken home yesterday wearing a gauze mask.

Lieut. Moe Fogel's wife was Miss Sidney Gardner, a former beach school-teacher. Her father, Henry F. Gardner, died in this city two days ago, but this additional loss the daughter has kept from the rest of the Fogel family, not to add to their burden. Lieut. Fogel and Miss Gardner were married at Santa Monica last February. She has two sisters, who are Red Cross nurses in France.

According to former Judge Hutton, the senior Fogel had much property when he came to Santa Monica about twenty years ago, but lost most of it in mining speculation. The attorney says Mr. Fogel was of a confiding disposition in money and other matters, exactly the sort of man who would be selected as victim for so coolly calculated and brutal murder as this.

The body will be taken to Santa Monica after the inquest today, and will be buried there.

SIT AT NIGHT TO SAVE TOMATOES.

Judge Holds Court Till Two in the Morning.

Canning Firm's Injunction Suit is Denied.

Testimony Showed Contract had been Violated.

Because there was danger of a large quantity of tomatoes going to waste if the matter was not promptly decided, Presiding Judge Weller held court all Tuesday night and until 2 o'clock yesterday morning on the application of the Calima Canning Company against the California Tomato Growers' Association for an injunction growing out of a contract for the delivery of tomatoes. Resuming court yesterday, Judge Weller denied the motion for an injunction and dissolved the restraining order.

The testimony showed that the Calima Canning Company had entered into a contract with the California Tomato Growers' Association for the delivery of 5000 tons of tomatoes. A portion of the delivery had been made when the association learned that the canning company had gone among the members of the association and purchased tomatoes direct from them, paying cash. This was a violation of the contract between the association and the canning company, and the association declined to make further deliveries. It also served notice of a rescission of the contract.

The canning company applied to Presiding Judge Weller for an order compelling the association to deliver tomatoes to it under the contract. The order was issued. This tied up many tons of tomatoes, and it was in order to release them for the market and the government that the all-night session was held. Willis I. Morrison represented the association.

Under the government regulations, approximately 45 per cent. of the tomatoes are required for government use. It also appeared that an agent for the canning company had sold some of the tomatoes at a profit of $7.50 a ton. He admitted this at the hearing, but said that the profit did not go to the canning company.

These were incidental matters however. The real reason for denying the injunction was that the canning company went directly to the members of the association and bought tomatoes from them instead of, through the association, disturbing, as the court held, the morale of the membership and the loyalty of the members of the association.

BABY'S FATHER DEAD.

Young Widow of Soldier Killed in France Still Ignorant of Husband's Fate.

A baby daughter was born yesterday at the Pasadena Hospital to Mrs. Harold D. McLachlan, who has not yet been informed that her husband, a major of Marines, is dead in France. The widow and mother is 20 years old. She was formerly Miss Dorothy Chapin, and she met her husband while traveling in Japan, where he was formerly stationed.

The death from spinal meningitis on September 27 of Maj. McLachlan was made known in yesterday's casualty list, but the young widow was not told of it because of her condition. Maj. McLachlan was a son of the late Rev. and Mrs. John McLachlan and a nephew of former Congressman James McLachlan. A brother, Col. Donald McLachlan, is serving in France.

HANGS SELF FOR LOVE; WIFE SEEKS ESTATE.

Though it is said that it was her suit for divorce that led her husband to commit suicide, Mrs. Mary Elliott yesterday filed a petition for letters of administration on the estate of Robert L. Elliott, who hanged himself on the 14th inst.

The deceased left an estate valued at $3000. No will has been found. Besides the widow, the heirs mentioned are two sons, Loman and Robert J. Elliott, Jr., and a daughter, Ethel L. Bolch.

WITH THEIR BEST WISHES.

Assistant United States District Attorney Rucker, who will leave today for San Francisco to enter the aviation service, was yesterday made the recipient of written testimonial, signed by all of his office colleagues. A similar testimonial signed by W. H. Reeves, secretary of the Federal grand jury, was presented also to Mr. Rucker.

HELD TO ANSWER.

Chester A. Quadera, who is alleged to have held up a confectionery store at No. 4502 South Normandie avenue on the night of October 5, and relieved H. H. Pike, proprietor, Miss Mary Jennings and Francis Everett, customers, of all their change, was held to answer charges in the Superior Court at his preliminary hearing before Justice Hinshaw yesterday. Bail was set at $2500, which the defendant was unable to furnish.

JAIL WEALTHY PASADENAN.

LeRoy Armstrong, wealthy resident of Pasadena, was sentenced to thirty days in the County Jail by Judge R. W. McDonald in the justice court in Pasadena yesterday for driving his automobile while intoxicated. He was arrested by the Pasadena police and when tried before Judge McDonald was found guilty. The drive which led to his arrest occurred Sunday night.

Mr. Armstrong drove to Los Angeles and presented himself at the County Jail following his conviction, Deputy Constable Rogers acting as his passenger on the trip. The Armstrong car, a handsome machine, was put in a Los Angeles garage pending the expiration of the owner's sentence.

Mr. Armstrong is a scion of a wealthy Cleveland family which is reputed to have made a large fortune out of the wholesale drug business. He has lived in Altadena for a number of years and has a beautiful home at Santa Clara avenue and Mariposa street. Mr. Armstrong is married and has two children. He is a brother of Lionel Armstrong of Huntington drive, South Pasadena, and also has a brother serving in the army.

Mr. Armstrong was fashionably attired when he appeared in court and offered no remonstrances when the judge imposed sentence. He asked permission to drive to his home and get some more clothes before going to jail and the request was granted.

Mr. Armstrong was taken to jail without commitment papers. They were signed by Judge McDonald last night and transmitted to the Sheriff.

For upwards of a quarter century Newmark Bros. have maintained in "Newmark's Pure High Grade Coffee," absolutely the highest standard of excellence that expert roasting and blending of the world's finest coffees can make possible.

The action of the War Industries Board in regulating coffee importations (to conserve shipping) may ultimately have some effect on our ability to supply the ever-increasing demand for "Newmark's Pure," but it can never influence its standard of excellence.

No matter when or where you buy it, the quality of "Newmark's Pure" will always be the same. The name on the can is your guarantee of absolute satisfaction.

Waste no coffee. Make no more than you need. Drink "quality" rather than "quantity."
